PRICE FIVE CENTS

SCHOONER NOBLE VICTORIA VESSEL HELD BY CUSTOMS

Was Seized by Government Vessel Malaspina off Pachen Point Early This Morning; Has Cargo of 500 Sacks of Liquor Aboard Which Is Now Held Under Charge of Customs; Captain Denies Knowledge of Owners

Seized by the Canadian customs for being in Canadian waters with liquor aboard taken from another vessel at sea, the auxiliary schooner Noble, registered in Victoria, arrived here at 11:30 this morning escorted by the Canadian Government Fisheries Protection steamer Malaspina.

The Noble, which cleared from Vancouver several weeks ago, ostensibly for an up-coast port, was later reported off San Francisco by United States revenue cutter. She was escorted to the Canadian boundary by the U.S. cutter Cahokia. The Malaspina, with special customs preventive officer George Norris aboard, came up with her off Pachen Point on the West Coast of the Island shortly after midnight last night and made the seizure.

LIQUOR REMOVED

A cargo of approximately 500 sacks of liquor was unloaded from the Noble to-day under customs supervision, and was transferred to safety storage under the custody of the collector. The liquor is reported to be valued at \$20,000.

Following reports from the United States Revenue Department that the Noble was proceeding up the coast from California, the Malaspina left Esquimalt yesterday afternoon in search of the liquor carrier. Ten hours were spent in searching every bay and inlet from Esquimalt to Pachen before the vessel was located.

NEARLY OUT OF FOOD

It is understood the Noble was running short of food, and had arranged a rendezvous with some vessel to supply her. When the Malaspina arrived this thought she was mistaken for the expected vessel.

The Noble proceeded to Victoria under her own power. It had been the intention to tow her but owing to lack of facilities for this method, three men from the Malaspina's crew were put aboard the Noble, while three of the latter's crew came aboard the Malaspina. The Malaspina escorted her to the wharf here.

SCHOONER HAS HISTORY

The schooner Noble is one with a real history. She is about fifty years old and was formerly used in the sealing industry out of Victoria. Her name at that time was the Lady Mine, but she later changed to the Noble when she was sold to a man on United States side and was libeled by her crew for wages when her name was changed.

On this trip the Noble carried a crew of six. The captain denied all knowledge of the owners of the vessel and admitted she was not under charter.

The work of opening the hatches of the Noble was started about 12 o'clock to-day, and the cargo was checked and transferred during the afternoon.

C. C. Barton, chief customs preventive officer of Vancouver was here when the Noble was brought in. He explained the vessel was seized for being in Canadian waters with liquor aboard taken from another vessel at sea.

SIR W. S. GLYN-JONES DIES IN VANCOUVER
Well-known British Pharmacist and Barrister Recently Visited Victoria

Vancouver, Sept. 9.—Sir William Samuel Glyn-Jones of Burton, Surrey, England, aged fifty-eight years, well-known British pharmacist, barrister and former member of the House of Commons, died at the Vancouver General Hospital at 2:45 a.m. to-day after a month's illness.

He came to British Columbia about the middle of August in the course of a tour of Canada. While visiting in Victoria he was taken ill and was removed to the Vancouver General Hospital. His daughter, Miss Glyn-Jones, accompanied him to Vancouver and was a constant attendant at his bedside.

ORGANIZED ASSOCIATION
Sir William is said to have done more for the pharmacists of Great Britain than any other man, for he was organizer of the Proprietary Articles Trade Association.

Derby Horse Wins the Doncaster Cup
Doncaster, Eng., Sept. 9 (Canadian Press Cable)—Lord Derby's three-year-old filly Bythorne won the Doncaster Cup here this afternoon by two lengths from Sir George Bullough's Grande Vitesse. Aga Khan's colt Dark Javan was third, eight lengths back. Only four horses started over the two and a quarter miles.

The betting was 5 to 2 against Bythorne, 9 to 4 against Grande Vitesse and 5 to 4 against Dark Javan. The winner is a brown filly by Swinford out of Keystone II. The race had about \$5,000 in the cup and to-day was the 123rd running.

HEALTH TAX IS SUGGESTED TO MEET PROBLEM

Dr. H. E. Young Addresses B.C. Hospitals' Meeting on Finance Question

Lieut.-Governor Extends Province's Greetings to Delegates

Advocacy of a state health insurance scheme or some system by which the public could pay a health tax and receive hospital benefits under a similar scheme is the subject of discussion at a meeting of the B.C. Hospitals' Association by several speakers at this morning's session.

Dr. H. E. Young and Dr. A. S. Lamb were protagonists of some such scheme, both suggesting that public opinion should be educated along these lines, with ultimate benefit both to the hospitals and the public.

LIEUT.-GOVERNOR PRESENT

His Honor the Lieutenant-Governor attended the session and brought British Columbia greetings. He spoke of the people's ever-growing gratitude to those who were doing so much for the relief of suffering humanity. Rev. Father Boyce, Vancouver replied to the welcome on behalf of the association.

STATE HEALTH INSURANCE

Dr. H. E. Young, Provincial Health Officer, in addressing the gathering referred to the apparent anomaly in the association's attitude on the possible curtailment of fees from the municipalities and its decision that the time was not opportune to do much along state health insurance lines. This latter decision, the speaker interpreted as a lack of effort to bring about the development of further resources of revenue for the hospitals.

"If you suggest that voluntary organizations which have done so much to promote public health should not send to you hospitals those patients who otherwise would not take treatment, owing to their inability to pay, you will find that the time will come when public opinion, owing to the education of those voluntary organizations will take the bit in their teeth and force the Government to find a solution to the situation."

LONGER SPAN OF LIFE

As a result of the teachings of the voluntary organizations and the great insurance companies, the average span of life in the last few years in this country has been increased from forty-seven years to fifty-eight years. This was the result of the enlightening of public opinion on the value of health as a public asset. Public opinion, he declared, the Government and governments were always ready to give expression to the wishes of a great majority of people.

"Are you going to allow it to run wild, or are you as custodians of public health going to assist in some scheme to enable the people to take advantage of the benefits accruing through the expenditure of public money in the hospital, and not be paired to the home financially?" queried the speaker.

NEW MEMBER JOINS MANITOBA CABINET

Dr. W. W. Montgomery To-day Sworn in as Minister of Public Welfare

Winnipeg, Sept. 9.—Dr. W. W. Montgomery, member of the Manitoba Legislative for Winnipeg, was sworn in as Minister of Public Welfare in the Bracken Government to-day.

Dr. Montgomery takes over the post vacated by Hon. Charles Cannon, who was defeated in the last provincial general election.

The portfolio of Provincial Secretary, which was also held by Mr. Cannon, reverts to Hon. Albert Prefontaine, Minister of Agriculture.

Great Seaplane Test is Carried Out by British
London, Sept. 9.—The Westminster Gazette announces that British Air Ministry is trying out a 3,000-mile special seaplane development flight in the Baltic with a fleet of experimental flying boats as an exhaustive test for naval and commercial transport work.

It is hoped, the newspaper adds, that the test will involve great all-metal aerial battleships to act as the eyes of the fleet.

LIEUTENANT-GOVERNOR AND PARTY AT UNVEILING OF ESQUIMALT'S WAR MEMORIAL YESTERDAY AFTERNOON

BANKERS SEE MORE TRADE FLOWING WEST

Heads of Canadian Bank of Commerce Impressed With Outlook in B.C.

Confer With Premier MacLean and Meet Victorians at Functions To-day

British Columbia ports will gain rapidly in their share of Canada's trade volume during the next few years, according to statements made to-day by four of the chief banking and financial magnates of Canada, who arrived this morning in the persons of Sir John Logan, president, Sir Joseph Flavelle, chairman of the board of directors, Sir Thomas White, vice-president, and S. H. Logan, general manager of the Canadian Bank of Commerce.

They are out from Toronto on one of the bank's official annual inspection tours.

This morning they had a conference at the Parliament Building with Premier MacLean, after which Sir Joseph Flavelle laid emphasis on the fact that the Bank of Commerce had been the bankers of the Province of British Columbia since the bank's entrance into this field.

Percy B. Fowler, manager of the Victoria head office of the Bank of Commerce, gave a luncheon at the Union Club in honor of the visiting financiers at noon.

\$700,000 NOW ASKED FOR KITSILANO AREA

Vancouver City Council Informed Federal Government Ask That Sum

Vancouver, Sept. 9.—The Indian Department of the Federal Government will not under any circumstances relinquish control of the old Kitsilano Indian Reserve for less than approximately \$700,000, according to a letter from Hon. H. H. Stevens, M.P., read at a meeting of the finance committee of the Vancouver City Council to-day.

Mr. Stevens's letter was submitted to the committee with a report on the Indian Reserve question by Corporation Counsel C. E. McCrossan.

CUSTOMS BRIBERY REPORT IS DENIED

H. Bronfman Tells Commission Allegations Years Old Has no Foundation

Ottawa, Sept. 9.—An allegation of bribery of a customs officer, made during the western sittings of the Customs Inquiry Commission, was refuted at the sitting here to-day.

Assistant Inspector Cyril Knowles of the Winnipeg customs preventive service told the commission during a sitting in the prairie province that Harry Bronfman, former Saskatchewan liquor export dealer, had attempted to bribe him to remit in his duty. To-day, with Bronfman and Knowles seated in the courtroom here, officers of the Department of National Revenue were examined to ascertain if the attempt at bribery had been reported to them.

The attempt at bribery was alleged to have been made several years ago at Gainsborough, Sask., and customs officers' recollections on the matter were vague.

H. BRONFMAN TESTIFIES
Harry Bronfman was recalled by his own counsel, A. J. Andrews, K.C., to tell what he knew about the matter.

The offer of money was alleged to have been made in connection with the seizure of cars of liquor by Knowles at Gainsborough.

Mr. Bronfman declared to the commission that Knowles's statement of attempted bribery was "absolutely untrue." The evidence of Knowles, setting forth the alleged bribery, he contradicted. He had merely paid a demand of Knowles for money to cover double duty on the seized cars of liquor, he declared. There had been hot words, said Bronfman, "and I told him if he would take off his badge and come outside and stand up for ten minutes with me, I would give him twice the money."

There had been no bribery and no attempt at bribery, he declared.

Daughter Born To Royal House of Japan To-day
Tokio, Sept. 9.—Empress Nagako of Japan gave birth to a daughter to-day.

Many Features of Interest In Saturday Daily Times

The memory of Alexander Mackenzie, the first explorer to cross Canada by land, honored by unveiling of tablet at Elcho Harbor.

EXCHEQUER COURT WILL CONVENE HERE

A periodical session of the Exchequer Court of Canada will be held in Victoria on September 30, commencing at 11 a.m., according to an announcement made by Sheriff H. W. Goggin to-day.

Mr. Justice McLean, president of the court, will come to the coast towards the end of the month, to hold sessions at Vancouver and Victoria. The Victoria list is believed to contain two cases, though exact advice as to what litigation will be considered in Victoria has not yet been received.

FIRST ST. LAWRENCE PLANE MAIL FAILS

Machine With Letters Wrecked at Take Off

Quebec, Sept. 9.—A message received at 2:30 this afternoon by J. Audette at the Quebec Post Office from S. T. Green, postal superintendent of the Quebec district, at Rimouski, stated the seaplane of Major Tudhope, which was at Rimouski to inaugurate the first Canadian air mail service, had been wrecked in taking off from the water for Montreal. The plane had taken on thirty-five bags of mail and rose from the water, but failed to clear the Rimouski wharf, against which one of its pontoons crashed.

Major Tudhope and his mechanic fell into the St. Lawrence. The pilot and all the mail were rescued, but the plane was declared to be wrecked.

World Plane to Fly From China To Field at Tokio

Hongkong, Sept. 9.—The round-the-world seaplane, Pride of Detroit arrived here from Hanoi, French Indo-China, at 3:25 p.m.

After a brief rest, William S. Brock and Edward Schlee, co-pilots, planned to continue the flight to Tokio, with the possibility of a stop en route in the event of unfavorable weather.

The distance from Hongkong to Tokio is slightly over 1,800 miles.

RINGING CALL BY LEADER OF BELGIANS FOR DISARMAMENT

M. Vandervelde Cheered When He Tells League Action Must be Taken

Geneva, Sept. 9.—Addressing the League of Nations Assembly to-day with the delegates strung to high tension by the attacks of the smaller powers, who charge the League is neglecting to fulfill its mission of political mediation, M. Vandervelde, Belgian Socialist Foreign Minister, declared amid great applause that he was ready to support adoption of a resolution embodying the memorable words of the late Jean Jaures, that wars of aggression are a crime against humanity.

(Jean Jaures, noted Socialist leader, was assassinated in Paris July 31, 1914.)

Pleading for unflinching efforts to the end that reduction of armaments might be achieved, M. Vandervelde, in a stentorian voice, almost shouted that the "world must disarm," with the delegates and spectators acclaiming his words with ringing applause.

Referring to the charges by the smaller powers that the League Council was side-stepping its political duties, the Belgian Foreign Minister admitted it would be disquieting if the Council were to discuss only minor matters, but he argued "the League is not a super-state and the Council is not a government which can dictate to the sovereign nations who compose the League."

GENEVA PROTOCOL
The speaker urged the approval of the Netherlands resolution to revive consideration of the principles, embodying security and disarmament, of the Geneva Protocol. He insisted it would be folly to postpone consideration of these problems, saying that if "they are not realizable to-day, they will be to-morrow."

Losses in Utah Are Caused by Floods

Price, Utah, Sept. 9.—Hundreds of persons were marooned in central Utah to-day following two days of heavy rains that left transportation systems crippled. Flooded numerous mines and damaged crops. No loss of life was reported.

INFLUENZA CAUSES DEATHS OF ESKIMOS

200 Lives Lost as Result of Spread of Disease in Alaska

Akiak, Alaska, Sept. 9.—Approaching in seriousness the disastrous epidemic among the natives in 1919, a wave of influenza this summer has taken nearly 200 lives among the Eskimos of Kuskokwim River region.

The epidemic was finally controlled by the heroic efforts and hardships of teachers and nurses of the United States Bureau of Education.

With Summer's Deaths Among Ocean Aeroplane Crews Totalling Twenty and Seven Killed While Making Preparations, Committee at Windsor, Ontario, Leads Way in Aviation Circles by Abandoning Transatlantic Flight Plan

ALBERTA DISEASE OUTBREAK LESSENS

No New Infantile Paralysis Cases in Edmonton District Since Wednesday

Edmonton, Sept. 9.—No fresh cases having been reported since Wednesday, the epidemic of infantile paralysis in this district is waning, are expressed by health officials to-day. At the same time all possible precautions are being taken with regard to preventing children from gathering in groups. Yesterday afternoon the Edmonton board of health decided to extend its school closing order until Monday, September 19. Under this ban, all schools, including Sunday schools, will remain closed for at least ten days longer.

The order, which prevents the attendance of children, even when accompanied by parents at Sunday schools, churches, theatres or public assemblies, is to be strictly enforced.

As medical science is more or less baffled by the dread disease, any menace to health through overflowing garbage cans or the fly nuisance is to be checked up.

GARBAGE DANGER
The seriousness of the situation was realized when the report came that of seventy cases recorded to date, seven have died, usually within a couple of days.

From points in Central Alberta the first deaths were reported yesterday at Reddick, Chipman and Foreburg, one each. The schools are closed at these points, also at Lacombe and Kitchikew, and other towns are adopting preventative measures.

Old-time Resident of Vancouver Died

Vancouver, Sept. 9.—Collapsing while in a taxi on the Cambie Street Bridge here to-day, H. Murrie, an old-time resident of the city and once a member of the brokerage firm of Murrie and Brown, died while being taken to a hospital.

MOVE TO REGULATE OCEAN FLIGHTS IS GAINING HEADWAY

R. E. Byrd, Veteran of Long Trips, Says Single-motored Machines Inadequate

Washington, Sept. 9.—Establishment of some Federal authority in the United States to prohibit long overseas seaplane flights when their success is too problematical or the risks involved are not commensurate with the results to be obtained, says Acting Secretary Robinson of the navy, in view of the recent aviation disaster. He holds the view that such authority should be vested in the Department of Commerce.

Rochester, N.Y., Sept. 9.—Commander Richard E. Byrd, who with a companion made the first seaplane flight over the North Pole and made a flight with a crew from New York to the French coast, characterized trans-oceanic seaplane flights as "inherently risky and advises fliers contemplating such trips against the use of single-motored seaplanes."

Commander Byrd came to this city as a guest of the Rochester Exposition on its "Aerial Day."

Manitoba Judicial Appointments Made

Ottawa, Sept. 9.—Mr. Justice D. A. Macdonald of the Supreme Court of Manitoba has been appointed Chief Justice of the King's Bench Division of the Supreme Court of Manitoba to succeed the late Chief Justice McEachern.

J. F. Kilgour, barrister, Brandon, has been appointed a judge of the King's Bench Division of the province, to fill the vacancy created by the promotion of Mr. Justice Macdonald.

Official announcement of these appointments was made to-day.

Man is Freed of Traffic Charge

Vancouver, Sept. 9.—Holding that J. Munro, charged with having failed to bring his auto truck to a standstill on the approach of fire apparatus, did the only thing possible when, in endeavoring to avoid a collision he drove across Pender Street on August 15, Magistrate Shaw dismissed the case. Munro stated the fire siren at the north end of Cambie Street had stopped and he had the driven from a lane and across the street on Cambie Street, the apparatus striking his truck before he could cross Pender Street.

WINDSOR PLANE'S ATLANTIC JUMP IS CANCELLED

With Summer's Deaths Among Ocean Aeroplane Crews Totalling Twenty and Seven Killed While Making Preparations, Committee at Windsor, Ontario, Leads Way in Aviation Circles by Abandoning Transatlantic Flight Plan

Windsor, Ont., Sept. 9.—C. A. (Duke) Schiller and Phil Wood, pilots of the monoplane Royal Windsor, were definitely notified by the flight committee here to-day to return home from Newfoundland and abandon their proposed flight to Windsor, England.

The two fliers were asked by the committee to abandon the plan to search for the missing Maine-Rome monoplane Old Glory. It was considered such a search would be useless.

The committee decided to enter the Royal Windsor in the United States National Air Derby, the 2,400-mile nonstop flight race from New York to Spokane beginning September 21.

That the cancellation of the Windsor-Windsor flight by the committee in Ontario was not in line with the intention of the fliers is indicated by the following dispatch, from Newfoundland, received some hours before the Windsor dispatch:

St. Johns, Nfld., Sept. 9.—C. A. (Duke) Schiller and Phil Wood to-day were awaiting a favorable opportunity to hop off in continuation of their Windsor, Ont.-to-Windsor, Eng., flight, in the monoplane Royal Windsor. They motored into St. Johns to-day and stated on their arrival that they had received no instructions to abandon the flight, which they had every intention of undertaking as soon as weather permitted.

A strong west wind is blowing to-day, with intervals of rain and sunshine.

St. Johns, Nfld., Sept. 9.—The steamer Kyle, under charter to the New York Daily Mirror has set out on a search for the missing Maine-Rome monoplane Old Glory.

Manitoba Judicial Appointments Made

Ottawa, Sept. 9.—Mr. Justice D. A. Macdonald of the Supreme Court of Manitoba has been appointed Chief Justice of the King's Bench Division of the Supreme Court of Manitoba to succeed the late Chief Justice McEachern.

J. F. Kilgour, barrister, Brandon, has been appointed a judge of the King's Bench Division of the province, to fill the vacancy created by the promotion of Mr. Justice Macdonald.

Official announcement of these appointments was made to-day.

Man is Freed of Traffic Charge

Vancouver, Sept. 9.—Holding that J. Munro, charged with having failed to bring his auto truck to a standstill on the approach of fire apparatus, did the only thing possible when, in endeavoring to avoid a collision he drove across Pender Street on August 15, Magistrate Shaw dismissed the case. Munro stated the fire siren at the north end of Cambie Street had stopped and he had the driven from a lane and across the street on Cambie Street, the apparatus striking his truck before he could cross Pender Street.

MINING DELEGATES VISITORS AT FERNIE

200 Delegates to Empire Convention See That Part of British Columbia

Fernie, B.C., Sept. 9.—The special train conveying nearly 200 members of the Second Triennial Empire Mining and Metallurgical Congress reached this city early to-day. A lengthy programme of entertainment had been arranged.

W. R. Wilson, president of the Crown's Nest Pass Coal Company and formerly president of the Canadian Mining Institute, is in charge of the arrangements for the visit to this section of B.C. Kootenay.

This morning the visitors had choice of a number of delightful side trips including inspection of the mines and plant at the Coal Creek Collieries, the coke ovens and railway shops here, and the hydro-electric plant of the B.C. Kootenay Power Company at Elko. For those desiring unlimited recreation the Country Club's golf course and tennis courts are available, and also scenic motor trips.

This afternoon a luncheon is being tendered, to be followed by inspection trips to local industrial plants and the B.C. Collieries.

BRITISH BOWLERS ARE BANQUETED

Interesting Addresses Heard at Banquet Tendered to Team by City

Members of the touring British and Ontario bowling teams were the guests of the city at a banquet last night at the Hudson's Bay. The dinner was presided over by Mayor J. C. Pendray and was attended by a number of local bowlers, their wives and friends.

Hon. Lieutenant-Governor R. Randolph Bruce tendered a hearty welcome to the visitors. He touched on the game of bowling and the great tendency it had to bring out the finer qualities of a man. The speaker told of the great future ahead of this country and of the many opportunities for the new settler providing he was willing to come and put his shoulder to the fast-moving wheel of industry.

THANK CANADIANS

This toast was responded to by A. H. Knight, captain of the British team, who praised the Canadian people for the wonderful hospitality extended to them to the bowlers on their tour across the Dominion. Mr. Knight then called upon George Thompson, secretary of the British team, to read a cablegram received yesterday from the International Bowling Board. The cable referred to success of the team and also stated the tour was another link in the chain of happy relationships between the Old Country and Canada.

Speaking on behalf of the city Mayor Pendray extended a cordial welcome to the visitors and told them of the many advantages of this fair city.

Premier J. D. McLean called the attention of the visitors to the value of British Columbia's industries, in welcoming the bowlers on behalf of the Province. This Province needed population and it was the place for young men and women, he said.

In most inspiring manner Sir George Boyle, D.E.C., replied to this toast. Sir George made reference to the statement of Premier McLean. "Salvation can only come to a nation, or people, by discipline, sacrifice and work."

"If Canada can get people with these qualifications, then the country will develop into one of the greatest nations in the world," the speaker stated.

During their tour the bowlers had an opportunity to witness the great patriotism of Canadians towards the Mother Country, which more than compensated them for the long journey.

The British team left on the midnight boat for Vancouver en route back to their homes in the Old Country.

The welcome to the Ontario bowlers was extended by Alderman Dewar and responded to by Mr. Langford, vice-president of the Dominion Lawn Bowls Association.

John Peterson proposed the toast, "The Ladies," which was replied to by John Fleming.

During the evening community singing was led by Frank Sehl and the banquet was brought to a close with the singing of "O Canada" and "God Save the King."

The British team left on the midnight boat for Vancouver en route back to their homes in the Old Country.

The dogs will remain here until the early part of January, when Mr. Hoare will start for Edmonton en route to the Far Northern sanctuary.

Exploration in Far North Planned

Ottawa, Sept. 9.—Six husky dogs of the famous Eskimo breed, have arrived in Ottawa, completing nearly 4,000 miles of their 6,500-mile journey from Baffin Island, in the Eastern Canadian Arctic region, to the country east of Great Slave Lake in the Northwest Territories. These dogs, which are the property of the Northwest Territories and Yukon Branch of the Department of the Interior, will be used as a sled team by W. H. B. Hoare, an officer of the department, during an exploratory survey of the 15,000 square miles of muskox sanctuary recently set aside in the valleys of the Hanbury and Thelon Rivers in the Mackenzie district.

The dogs will remain here until the early part of January, when Mr. Hoare will start for Edmonton en route to the Far Northern sanctuary.

RICH STRIKE OF ORE IN NORTH

Retreating Glacier on Mountain Over Stewart Exposes Big Deposit

Ore Outcroppings, Sought For 23 Years, Rival Prosperity's Gigh Grade

Stewart, B.C., Sept. 8 (Staff Correspondence).—Excitement reigns at this mining camp as the result of the rich silver discovery.

High up on the mountain which rises perpendicularly from the end of the main street here a body of high-grade silver ore has been discovered and opened up this week.

John Hatt, known throughout the north country as John the Finn, has been living up above the snow line trying to locate the body of Silverado ore, which was known to be there as a result of analogy with the adjacent Prosperity and Porter-Idaho formations.

Towards the end of this Summer the Silverado glacier retreated farther back than it has been within the memory of people here. This recession exposed the ore, which was known to be there as a result of analogy with the adjacent Prosperity and Porter-Idaho formations.

The most excited man in the whole Portland Canal was R. M. Stewart of Victoria, who is now here and who is president of the Silverado and the Dunwell, when the news came of the strike.

President Stewart and his brother, John Stewart, one of the Silverado directors, received the news while they were in the office of the Stewart Land Company. They at once made arrangements to go up the mountain themselves.

"This strike is the biggest thing in the whole north country this year with the single exception of what Premier has opened up on the Prosperity," President Stewart said after studying the ore and the general situation. "The formation on this mountain top is the same as the formation on the Prosperity."

"For twenty-three years we have been walking on the glacier over the spot where we have now finally located the ore. The fact that the glacier this Summer has retreated so far back before opening the showing to us. Up until now it has been hidden by the ice body."

The ore body has already been traced for 350 feet and for a depth of fifty feet, the president said. The highest grade vein runs two to three and one-half feet in width and up to six feet. He explained that it was found in the property and all primary ore.

Compared with the Silverado the Prosperity has now been opened up on the surface for 100 feet and with a straight vertical depth of eighty feet.

President Stewart rushed three samples of the Silverado strike to the assayer and his report on the samples has been returned as follows:

No. 1 sample—0.12 ounces gold per ton; 43.80 ounces silver; 9.70 per cent lead.

No. 2 sample—0.15 ounces gold per ton; 33.50 ounces silver; 6.10 per cent lead.

No. 3 sample—0.12 ounces gold; 33.20 ounces silver; 8.30 per cent lead.

"From what I see on this side of the mountain, and what I know is on the other side, there is now no doubt at all that we have a heavenly big mine here," Mr. Stewart said.

He said that his plans were to make a few shipments down the mountain side in order to pay the cost of the installation of a cable car. The cable will land the ore in the main street of Stewart, he explained.

OFFICIALS TOUR ROCKLAND AVENUE FOR SAFETY PLAN

Increase of Accidents and British Columbia Average Alarming

With the object of giving the public added protection on alleged dangerous streets, the Board of Police Commissioners this morning proceeded by automobile along Rockland Avenue to inspect the roadway with a view to improving it and lessening the risk to automobile drivers along that thoroughfare.

On the return of the commissioners, it was learned that the board had decided that the Rockland Avenue and certain telephone poles set back from the roadway. Also division lines will be painted on the roadway.

At the meeting yesterday afternoon, Commissioner Staniland had some criticism to offer regarding traffic governing in the city. There was room for education, he said.

The Dominion Bureau of Statistics furnishes the following table showing the death rate from motor crashes in the provinces:

Prince Edward Island 1 or 1.1 per cent.

Nova Scotia, 24 or 2.3 per cent.

New Brunswick, 11 or 2.7 per cent.

Quebec, 183 or 7.1 per cent.

Ontario, 242 or 7.7 per cent.

Manitoba, 27 or 4.3 per cent.

Saskatchewan, 21 or 2.4 per cent.

Alberta, 33 or 5.4 per cent.

British Columbia, 60 or 10.5 per cent.

Of the 608 persons killed throughout Canada, thirty per cent of these were children. The report shows further, Commissioner Staniland stated this morning, that fifty-four children under sixteen last year lived their own way into their own carelessness; 300 were seriously injured, 248 of whom suffered because of their own thoughtlessness.

Victoria's records show that the written reports of automobile accidents this year are 100, approximately, in excess of those of last year, according to the commissioner.

Last year there were 1,585 written reports in the hands of the police, covering all motor accidents. And in 247 of these persons suffered injury.

"It is our duty to save the lives of all we can, and more especially give protection to children," says Commissioner Staniland.

RESERVE CROWN MONIES CANCELLED

Were Held as Part of University Endowment Plan

Cancellation of the reserve established by the British Columbia Government in 1911 covering vacant crown lands lying on any of the islands in the New Westminster district is announced by the Provincial Lands Department. Cancellation is also announced of reserves for university purposes existing over lands in the Cariboo, Peace River and Cassiar districts. The lands referred to were set aside for university endowment lands on the sale of which funds for the erection of the university would be secured. With the setting aside of the Point Grey lands for the university reservation on other lands has been lifted from time to time.

WINDSOR PLANE'S ATLANTIC JUMP IS CANCELLED

(Continued from page 1)

Fear for the pride of Detroit's crew, William S. Brock and Edward F. Schlee, was dispelled early to-day. After more than thirty hours' delay, the plane as to their progress since they left Rangoon, Burma, Wednesday night, word came that they had departed from Hong Kong, Wednesday, and were en route to Canton, China. Meanwhile, no word came to lighten the fears over the fate of the Maine-Rome monoplane. Old Glory bearing the names of Brock and Schlee, and the editor of The New York Daily Mirror, or of the London-London monoplane, was still missing. The plane was last seen on the morning of September 8, when it was reported to have been sighted by the Canadian fliers Captain Terrence Tully and Lieut. James V. Medcalf.

Should none of these brave adventurers be found, the death toll taken by long distance ocean flight since last May will have mounted to twenty, in addition to seven persons killed since last September in preparation for such flights.

Old Glory left Old Orchard Beach, Maine, for Rome, Italy, Tuesday, at 12:30 p.m. Eastern Standard time (9:35 a.m. Victoria time) and was last sighted by the steamship Ontario, 230 miles off Newfoundland at 11:57 p.m. Eastern Standard time (8:57 p.m. Victoria time). Tuesday. A wireless distress call, picked up by several liners, though slight, for the safety of the plane was the last heard from the crew.

CARLING'S ATTEMPT

The monoplane Sir John Carling, whose flight started at London, Ontario, left Harbor Grace, Newfoundland at 7:34 a.m. Eastern Standard time (4:34 a.m. Victoria time) Wednesday for London, England, and has not been seen since it passed out to sea.

FIELD LIGHTED

While hope faded for the safety of Tully and Medcalf in the Sir John Carling as the hours passed without a report of its being sighted, the flying field at Croydon was kept brightly illuminated all night with colored searchlights. Estimates as to the length of time the plane would last if they were still in the air varied considerably, but the most optimistic did not extend beyond 4 o'clock this morning London time (8 o'clock last night Victoria time).

Lines traversing the North Atlantic route were still coming the sea at last reports for some trace of Old Glory or of the rubber lifeboat with which the three men were equipped.

Public reaction against the "foolhardiness" or "suicidal" aeroplane flights to-day appeared to be bringing results on two continents.

At least one projected transatlantic flight has been cancelled, another faces postponement and authorities in two countries threaten to curb, by law, further dangerous air undertakings.

However, the fate of this opposition, eight projected transatlantic expeditions were going forward with their preparations to-day.

JANNEY'S POSITION

Announcement that he might postpone his Ottawa to London flight until after the opening of the session of the House of Commons, was made by Captain E. J. Janney, who is flying the plane.

The supporters of the Windsor, Ont.-to-Windsor, Eng. flight of the monoplane Royal Windsor appealed yesterday to the plane's pilots, C. A. Schiller and Philip Payne, to return home. The backers of the Royal Windsor said the decision would be left entirely to the pilots. Meanwhile Wood and Schiller plan to search for the Old Glory and attempt an ocean flight as soon as the weather is favorable according to reports to-day.

In the absence of a single report from the London, Ont. monoplane Sir John Carling, they declared a search for their companions would be useless.

GERMAN AVIATION

That the flights of two German aviators may be abandoned was seen in the action of the German Ministry of Transportation in summoning to Berlin Hermann Koehl and Dr. Baron von Ruffin and Lieut. Otto Koenig, all of whom were planning hops to North America.

In view of widespread criticism in Germany against the flights, it is believed in Berlin the Ministry holds to the theory such a flight at such a late season of the year would be hopeless. Added to these developments in America and Germany word came from Madrid, Spain, that government interference with dangerous flights would be sought. Spanish reports said the Spanish Government would not sanction further flights unless they were practical and planned in great detail.

Frank W. Wilson, member of the Ontario Legislature for Windsor East, wrote Premier King, asking the Government of Canada to take action to prevent the Royal Windsor flight and also published a letter demanding the Border City Chamber of Commerce take steps to bring the fliers home from Newfoundland.

CANADIAN REGULATIONS

The Canadian Premier intimated at Ottawa that Parliament might be asked to pass legislation at its next session to stop transatlantic flying to and from Canada.

\$25,000 REWARD

New York, Sept. 8.—William Randolph Hearst, publisher, backed up the flight of the Maine-Rome monoplane Old Glory, in offering yesterday a reward of \$25,000 to any captain and crew of a ship that should find the plane.

ward of \$25,000 to any captain and crew of a ship that should find the plane. Three missing fliers, Lloyd Bertaud, James D. Hill and Philip Payne, said: "I know no reward is necessary to stimulate the search for Old Glory and its occupants, but I will gladly give \$25,000 to the captain and crew of the ship which finds them, merely as an expression of my gratitude."

SEARCH FAILS

New York, Sept. 9.—The liner Carmania has reported to the Cunard Steamship Company's offices here that she proceeded 250 miles over the estimated course of the Old Glory, but that a vigilant lookout failed to discover any trace of this lost Maine-Rome monoplane or its crew.

SEARCHERS TOO FAR NORTH

New York, Sept. 9.—Miles Stedman, first officer of the steamship Leviathan, who says he helped plot the course to be followed by the new missing Maine-Rome monoplane Old Glory, to-day declared that in his opinion the steamships which had searched for the plane had cruised many miles too far north.

The 808 call from the giant Fokker, carrying Pilot Lloyd Bertaud and J. D. Hill and Philip A. Payne, a passenger, gave its position as close to the Great Circle route.

Stedman explains this variation by disclosing that the Great Circle route was to be abandoned by the Old Glory on passing St. John's, Nfld., and a true course laid for Bordeaux, France.

BRITISH VIEW

London, Sept. 9.—While Irish and English air stations and wireless men were still on the alert in the hope of some reassuring message regarding the whereabouts of the Canadian transatlantic monoplane Sir John Carling, the London newspapers to-day displayed general misgivings under such headlines as "another plane lost" and "another plane lost."

They also printed accounts of the accumulated tragedies of recent transatlantic flying and some carried groups of pictures of the men and women lost in aerial ventures over the Atlantic and Pacific.

Keen interest and apprehension were also voiced as to whether the monoplane Royal Windsor, manned by C. A. Schiller and Philip Wood would start from Newfoundland for Windsor, England, in the face of three apparent transatlantic disasters within a period of eight days.

Although grieving for the loss of the England-Ottawa monoplane, Sir John Carling, the former Princess Lowenstein-Wertheim aboard, as well as about the all hope of finding the crew of the United States Maine-Rome monoplane Old Glory, the newspapers and air observers still held there was a chance, though slight, for the safety of the Sir John Carling.

SIR W. S. GLYN-JONES DIES IN VANCOUVER

(Continued from page 1)

In 1908 he was a young chemist in Stepney, which he later represented in the House of Commons from 1911-18.

He found cutting of prices of certain proprietary articles caused a direct loss or was merely "change for air-pence" to the retail druggists. Therefore he called a meeting of manufacturers, wholesalers and retailers of such articles and proposed an organization be formed.

PLEDGE ADOPTED

The Proprietary Articles Trade Association resulted and he was appointed its first secretary. He later "stumped" Great Britain in the interests of the association and in a short time more than 400 manufacturers, 100 wholesalers and 7,000 retailers were enrolled. They pledged themselves to see the retailers should receive fair profits and that price-cutting on all articles listed with the association should be abolished.

While stumping Great Britain Mr. Glyn-Jones became familiar with the conditions under which chemists and druggists worked. He was convinced of the need of an organization to protect them from what was described as the "persecution" of food and drug inspectors.

DEFENCE SOCIETY

At a meeting in London on June 21, 1909, the Chemists' Defence Association Limited was formed and Mr. Glyn-Jones was elected its secretary. That organization undertook to provide legal advice to members and to supply information regarding new Acts of Parliament which affected the business.

As secretary of the association, Mr. Glyn-Jones found it difficult to prepare for defence of chemists in court because of the lack of pharmaceutical knowledge among barristers and solicitors.

Believing in the old adage that to have a thing done well, one must do it himself, Mr. Glyn-Jones enrolled as a law student. In 1904 he qualified as a barrister of the Middle Temple.

Mr. Glyn-Jones was elected to the Council of the Pharmaceutical Society of Great Britain. Later he became its parliamentary agent and secretary. In 1911 he entered the political field, being elected in Stepney.

He was knighted in 1919 for services rendered during the World War to the Ministries of Munitions and Recon-

speaker. Forty-three business men of
Victoria were Mr. Fowler's guests.

Later the party went to Government
House to visit the Hon. R. Randolph
Bruce, Lieutenant-Governor, and then
out to the Benvenuto Gardens at
Brentwood, where they were the guests
of Mr. and Mrs. R. P. Butchart. About
fifty Victorians were invited by Mr. and
Mrs. Butchart to meet the financiers at
their home this afternoon.

To-night A. C. Flumerfelt, who is a
director of the Canadian Bank of Com-
merce, will give a dinner at the Union
Club for the visitors. They will leave
Victoria at midnight on their way back
to Toronto.

The financiers repeated here the op-
timistic forecasts about the business
outlook in Canada which were made in
Vancouver and printed yesterday by
The Times.

Sir John Aird recalled that he had
been coming out to British Columbia
for thirty years, and had observed the
growth of the British Columbia Coast.

Wonderful as this growth has
been, Sir John added, it is to be
followed by still greater growth, as
more of the trade of Alberta and
the western part of Saskatchewan,
which form British Columbia's hinter-
land, comes this way.

"And this trade is going to come,
and much more quickly than many
believe," Sir John said.

He repeated his forecast of a 400,000-
bushel wheat crop this year, based
largely on first-hand information gathered
on their trip through the prairies. He
pointed out what this immense crop
meant to the general business welfare of
Canada in terms of incoming dollars
and cents. He said that the shipment
of wheat through the Panama Canal to
Europe without breaking bulk gave the
Pacific Coast ports a great advantage.

Sir John found the wheat pools doing
good work on the prairies, but did not
think that they would oust the grain
exchanges. He declared that operation
of both organizations tends to protect
the consuming public against mono-
poly.

As for immigration into Canada,
Sir John pointed out that during
the first six months 160,000 people
from other countries entered here
and that if the same rate of migra-
tion continued for the rest of the
year Canada would be approaching
the conditions that prevailed be-
tween 1900 and 1911, when upwards
of 2,000,000 people poured into the
prairies.

"The new wealth that will be
available from the crop this year
will have its repercussion in greater
industrial activity both east and
west," Sir John went on.

"There is contentment among
the great mass of the people of
Canada with the spirit of progress
and enterprise active everywhere.
Canada is enjoying a great measure
of prosperity with all the indica-
tions pointing to its continuance."

Sir Joseph Flavelle added to Sir John
Aird's remarks about the increased
participation of the B.C. Coast ports in

MOUNT TOLMIE RESIDENT SAYS HUSKY IS BEST

Kibbey Avenue Woman
Finds That It Gives Her
Most Effective Relief
From Constipation and
Stomach Trouble

The Premier Preparation for stom-
ach, liver, kidney and bowel ailments
is the way suffers here speak of Husky,
the herb preparation, distributed by
the MacFarlane Drug Co. Years of re-
search work were spent in formulating
Husky for this very purpose and re-
sults prove that the work of eminent
chemists was not in vain.

Here, there, and everywhere Husky
proves its worth and to-day we cite
a Mt. Tolmie case recently called to
our attention. Mrs. E. Rendle of Ki-
bsey Avenue, Mt. Tolmie, tells us that
she never found anything better than
Husky. In order that other sufferers
might get the facts about Husky direct,

MRS. GEORGES CLAVETTE
"I will always praise Husky for re-
lieving me of my trouble with indig-
estion, headaches and dizzy spells,"
says Mrs. Clavette.

she has made the following statement
about her case: "I want to tell others
about Husky, for I suffered for years
from constipation and stomach trouble,
and I know just how bad these ailments
are. I felt miserable, tired and
like I didn't want to eat a meal.

"I tried all kinds of laxatives and
so-called remedies, but I have found
that Husky has benefited me more
than any other medicine I have ever
used. I am still using the Husky
treatment and I am feeling like a
new person since it has relieved my
stomach and the constipated condi-
tion. I feel sure that others will find
Husky very beneficial."

CALL AT MACFARLANE DRUG CO.
If you are not enjoying the best of
health, call at the MacFarlane Drug
Co., Husky headquarters, and have this
preparation, which is helping so many
people here, explained to you. An ex-
pert at the Husky Laboratory is now
at this store to explain how the best
and quickest results can be ob-
tained through the Husky treatment.
(Adv.)

TENDERS WILL BE OPENED NEXT WEEK

School and Bridge Bids Asked
By Department of Public
Works

Tenders for the erection of the
Smithers High School and the Rock
Creek and Cascade bridges called for
by the Provincial Department of
Public Works will be closed next week
the office of the Minister of Public
Works announces.

Wednesday is the last day for ac-
cepting tenders for the High School at
Smithers in the Skeena Electoral
district. Monday is the closing date
for the tenders for the bridges to be
erected in the Grand Forks-Greenwood
District.

the trade of Western Canada, by em-
phasizing the logic of the trade of Al-
berta and the Western half of Sas-
katchewan, which he called the con-
tinuous areas to this Province, flowing
this way.

"I am sure that there will be in-
creased activity here on the B.C. coast
in the movement of Prairie productions
for export and the carrying into the
Prairies of an increased percentage of
requirements for that part of Canada
which really belong to British Colum-
bia and not the Atlantic Coast," Sir
Joseph went on.

"The industrial areas of Alberta
are in natural affiliation with your
British Columbia ports and the things
they need in this hinterland from the
rest of the world should find their
way in through these ports.

"In the development of Canada
as a whole we must think of these
British Columbia ports as afford-
ing the point for the embarking
and the disembarking of commodi-
ties from and for the western part
of our Canadian prairies.

"The people on the other side of the
Rockies want your fish and your fruit
and your timber and you want their
cereals and other products to handle
for export to the markets of the world.

"Given time this condition will work
itself out."

As for the financial situation
generally in Canada, Sir Joseph
pointed out that not only have
savings deposits in Canada more
than doubled since 1914, jumping
from \$650,000,000 in that year to
\$1,375,000,000 in 1926; but during
the same time Canada has brought
back from England millions of dol-
lars of Canadian securities which
had been sold to British investors
before the war.

"We replaced with our own money
the British and continental monies
which had been previously available
for lending on mortgages in Canada,"
Sir Joseph went on. "The survey of
the League of Nations places Canada's
foreign investments at the time the
survey was made at \$700,000,000. Es-
timates of other financial authorities
made since then place the total in
the neighborhood of one billion dol-
lars."

"Notwithstanding these bet-
terments and other actual and po-
tential liquid assets, we have had
sufficient cash resources to invest
since 1913 in automobiles up-
wards of \$600,000,000, as well as
the great sum required annually
for the upkeep."

"Canada ranks as the largest wheat
exporting country in the world. Of
the total of 800,000,000 bushels of ex-
portable wheat surplus in the world
in 1926, Canada produced 322,000,000
bushels. Despite all losses in the West
by natural causes and all other
disappointments, economic and other-
wise, the western provinces are pro-
ducing for Canada every year a great
body of liquid wealth."

"This production has helped to
convert the Canadian National
Railways deficit of \$32,000,000 in
1926 into an operating surplus of
\$48,000,000 in 1926."

"In this connection remember,
that it was only the other day that
pessimists in high places were say-
ing that the National Railways
would bankrupt the country."

"We have a great country and should
all be optimistic about the future,"
said Mr. Logan. "Of course, we should
not lose sight of the fact that, but
when the people of a country are cheer-
ful, the country makes progress. If we
sink our petty differences and co-
operate, if we advance manly without
too much speculation, if we make our
immigration problem with determina-
tion and if we are favored with good
crops there is no reason why the fu-
ture should not be one of steady ad-
vancement."

HEALTH TAX IS SUGGESTED TO MEET PROBLEM

(Continued from Page 1)

GOVERNMENT GENEROUS

The Government had been generous
in its grants to the hospitals, said
Dr. Young. With the increase of the
Government grants the public had be-
come to think that they were entitled
to hospital care as taxpayers. But how
many were taxpayers?

As a remedy Dr. Young suggested
that a health tax should be levied, not
merely on property owners, but on
every citizen. Under a similar system
education had been made free to
everyone, and he thought health care
should be available in the same way.

A GOOD INVESTMENT

"Millions of dollars are being spent
to educate children yearly. There is
never any criticism of this expendi-
ture, because it is looked upon as a
good investment. But do you think it
wise to invest that money in educat-
ing a population one-third of which
is defective?" he asked. "Isn't it logical
to suggest that the health of these
children should be brought up to such
a high standard that they may pay
dividends in healthy, productive citi-
zenship as a return for the investment
of those millions in their education?"

MUST CREATE PUBLIC OPINION
While he agreed that the time was
not opportune to make the request for
state health insurance, Dr. Young ex-
pressed the opinion that the time was
opportune to begin to educate public
opinion towards the time when a
health tax could be imposed, enabling
citizens to free hospital treatment.

This system would enable the
salaried man to secure the benefit of
the latest and the best hospital treat-
ment, whereas under the present
system he could not afford it, thus
hampering the doctor as well as the
patient. If the patient were able to
pay such a heavy hospital bill, it
meant that the doctor got nothing, or
vice versa.

"Why not place these facilities at

the disposal of the taxpayers in the
same way as you place the school books
and equipment? Have the state pay
for these justly high-priced men who
have given years in the study of their
profession and who run these depart-
ments in the hospitals? The cost
would be less than the school tax;
periodical examination would be pos-
sible, thus ensuring the early recog-
nition of defects and diseases. It would
be as good an investment as we have
in our school," he said in conclusion.

MEDICAL ASSOCIATION'S VIEWS

Dr. H. E. Ridewood brought greetings
from the B.C. Medical Association, and
congratulations to the association on
the splendid hospital in the Province,
and to the lay members for their valu-
able co-operation. The speaker touched
upon the question of a health tax or
state health insurance as advocated by
Dr. Young. While expressing his ob-
jection to the thrusting of any "ill-
defined scheme" on the Government,
the doctor would not commit the B.C.
Medical Association on the subject
either in favor or otherwise. But he
stated that the medical profession had
given much study to the problem from
all other angles.

CARE OF T.B. CASES

An interesting address on the insti-
tutional treatment of tuberculous pa-
tients was given by Dr. C. H. Vrooman
of Vancouver. The speaker laid em-
phasis on the value of institutional
treatment in such cases, but rest and
institutional care being ninety points
in the game.

HOSPITALS AND FRESH AIR

A criticism of the lack of fresh air
facilities in hospitals was made by the
speaker. He stated that all seemed to
be built on the basis of a maximum
of confinement and a minimum of
fresh air. He thought no hospital
should be built without long verandas
on which all patients, whether suffer-
ing from a broken leg or disease, should
be able to spend much time.

Dr. Vrooman shattered two illusions
—one that climate was a factor in the
care and cure of tuberculous patients,
and the other that an excessively rich
diet was essential.

"The old idea to feed them with
cream and put them in a draft is all
wrong," he said. "If the patient is
suffering from active disease and a
high temperature, he won't get fat on
a rich diet of cream. He will only get
indigestion."

PREVENTIVE WORK

The need for education and train-
ing of the patient to cover their mouths
when coughing and to collect the
sputum so that it could be destroyed
was another precaution advocated by
speaker. In this connection he urged
that nurses should be trained along
these lines to avoid infection. With
such care there was no reason why
nurses should contract tuberculosis,
any more than any other disease with
which she came in contact.

FOOD SERVICE

Some phases and problems of food
service in the small hospital were
enumerated in a comprehensive paper
by Miss Ethel Pipes, dietitian of the
Vancouver General Hospital.

GRADED LABORATORY FEES

Dr. A. S. Lamb, provincial hospital
inspector, dealt with some prob-
lems concerning the hospital. He
stated that in cardiology and
X-ray examinations there should be
a flat rate in hospitals or the
fee for such should be gradu-
ated according to the ability of
patients to pay. Dr. Lamb also thought
that in the smaller hospitals, lacking
the fullest and most modern equip-
ment, should charge smaller fees than
the larger institutions.

The death rate of ninety-one per
cent from tuberculosis in the last
few years showed a marked improve-
ment over former years, said Dr. Lamb.
The death rate among Orientals and
Indians from this cause. Made this
total as large as it was, and after de-
ducting these from the rest it was
found that in 1926 the death rate from
tuberculosis among whites was only
fifty-eight, proving that educational
work along these lines had proved ef-
fective.

HEALTH TAX

The question of how best to provide
treatment for people of moderate
means was touched upon by Dr. Lamb.
The problem had been fully discussed
by the American Hospital Association,
and he commended to the gathering a
study of the discussion and findings of
that body on the subject.

The speaker touched upon some of
the financial burdens of the hospitals
and their attempts to meet the diffi-
culties. Many applications had been
made for government grants, but these
were merely of temporary benefit. A
real measure, Dr. Lamb ad-
vocated the imposition of a health tax,
which would entitle people to labo-
ratory and other hospital services free.
Dr. W. A. Dobson gave a resume of
the findings of the Royal Commission
on Mental Hygiene, pointing out some
salient facts concerning the feeble-
minded, insane and mentally diseased.
He laid stress on the need for better
enforcement of the immigration laws,
particularly with regard to mental hy-
giene. Dr. Dobson commended to the
study of the general public and of all
graduate nurses the report published
of the commission's findings.

The delegates were entertained at
luncheon at the Provincial Jubilee
Hospital to-day as the guests of the
directors.

SOCIAL AND PERSONAL

A very enjoyable and successful
bridge party was held at the home of
Mrs. Arthur Lineham, Cook Street and
Dallas Road, in aid of the funds of the
Altar Society of St. Andrew's Cathed-
ral. Mrs. W. W. Baines and Mrs. W.
McManus as president and secretary of
the Altar Society were conveners for
the afternoon, and assisted Mrs. Line-
ham in receiving her guests. Early
Autumn flowers, gladioli and mari-
gold made the room particularly at-
tractive. The winners at bridge were
Mr. and Mrs. F. J. Schell, and at five
hundred Miss Nora O'Connell and Mr.
Harry Hartnell. There were seventeen
tables in play.

Mr. and Mrs. John Hart will arrive
from Vancouver to-morrow morning to
spend the week-end as the guests of
Mr. and Mrs. Frank J. Schell. Work
will begin after which they will leave for
a holiday at Qualicum Beach.

Dr. F. C. Bell of Vancouver is over
for the hospitals' Convention and is
the guest of Mr. and Mrs. John Nairn,
Rockland Avenue.

MARINE NOTES

The seine vessel Amica, owned by
the Canadian Packing Corporation,
was hauled out on the marine railway
at Yarrow last night.

Angus Campbell & Co. Ltd.

Below Are Carefully Selected Values for Week-end Shoppers

Women's and Misses' All-wool Velour

Fur-trimmed Coats

On Sale Saturday

At \$21.00, \$25.00 and \$27.50

This special Saturday coat offering presents an oppor-
tunity for you to purchase a smart Fur-trimmed Winter
Coat, perfectly tailored throughout and stylish looking
at a price that means a real saving.

They come in a lovely selection of new Autumn colorings
and many have fur-trimmed cuffs as well as the fur-
trimmed collars. Well lined with good quality mercerized
sateen. Extra Special for Saturday at \$21.00, \$25.00
and \$27.50

Misses' Crepe de Chine Silk Dresses

Sizes 16 and 18. New Fall styles and every model
charming. Saturday Special

\$9.95

500 Pairs Women's Fine Quality Silk and Wool Hose on Sale Saturday at, Per Pair, \$1.00

This affords another opportunity for Saturday
shoppers. Five hundred pairs of fine quality Silk
and Wool Hose in colors of beige, acorn, zinc and
black. Every pair perfect and an excellent wearing
hose. A big value Saturday at, per pair ... \$1.00

300 Pairs Harve's Rayon Silk Bloomers

Saturday, Per Pair, \$1.50

Just arrived—a new shipment of Rayon Silk Bloomers
made with strong reinforced gusset, in black, white, pink,
blue, purple, peach, orchid, apricot, sunni and celeste.
Will be found a perfect-fitting and well-proportioned
blouser. Saturday, per pair \$1.50

Nature's Rival Corsettees, Regular

\$2.75, Saturday, \$1.95

Nature's Rival Corsettees made of a durable silk
whipcord, striped material, boned at back and below
waist at front, ideal garment for the average figure;

Harvey's good quality Rayon Silk Envelope Chemise,
plain or lace-trimmed styles in all the wanted and
pastel colorings. Saturday, \$2.75 and \$3.25

Sir Thomas Lipton Now Honorary Life President of Firm

London, Sept. 9.—Sir Thomas Lipton
has resigned the chairmanship of his
English tea business of Thomas J. Lip-
ton Limited and will hereafter hold
the title of honorary life president. Sir
John Ferguson has been appointed
chairman.

Last January Sir Thomas Lipton de-
cided to retire from active control of
Thomas J. Lipton Limited, holding,
however, the chairmanship of the En-
glish company and a life presidency. An-
nouncement was made at the same
time that he would retain active con-
trol of Thomas J. Lipton, the American
branch.

MOVE TO REGULATE OCEAN FLIGHTS IS GAINING HEADWAY

(Continued from page 1)

Asked his opinion about the end of
the flight of the Matine-Rome mono-
plane Old Glory, Commander Byrd said
that if the plane had been forced to
alight on the water, especially if it had
been forced down before dawn, the
operation must have been fraught with
great difficulties.

With authorities in other countries
discussing the advisability of new
regulations to control the preparations
for trans-oceanic airplane flights, and
to prevent the start of airmen whose
plans are regarded as too hazardous
for the present stage of development of

aeroplane, the subject is also being
discussed in Canada.

A dispatch from Ottawa last night
said: "Parliament may be asked to pass
legislation at its next session to stop
transatlantic flying to and from Can-
ada. This was an intimation made by
Premier King this evening in referring
to recent requests made to the Gov-
ernment to prevent air flights from
Canada across the Atlantic Ocean."

REAL PROGRESS

BETWEEN THE YEARS 1918 AND 1926
Victoria cut its outstanding taxes from \$3,428,632 to \$761,208. This record of satisfactory post-war recovery is taken from the report of the Inspector of Municipalities now in the hands of the Attorney-General of the Province.

There is in this comparison of figures a convincing reflection of the substantial progress Victoria has made in its municipal affairs since the end of the Great War. The fact that in 1919 the arrears were reduced to \$2,960,911 shows that this community got right down to business without delay. In 1920 the total had dropped to \$1,919,852, in 1921 to \$1,616,628, in 1922 to \$1,318,168, in 1923 to \$1,125,554, in 1924 to \$1,015,971, in 1925 to \$891,831, and in 1926 to 761,208.

It will be understood, of course, that a city of the size of Victoria with only a little more than three-quarters of a million dollars of arrears of taxes is pretty well off. Our present position in this regard, moreover, is all the more striking since it is about the only municipality in British Columbia which has cut its outstanding tax bill in such a consistent manner every year, although the provincial total last year had dropped to \$3,936,924 from \$14,624,696 in 1918.

This satisfactory report harmonizes with more home building, greater banking business, increased capacity to pay taxes in advance, and other indications that the substantial commercial revival which set in a little more than two years ago is being well sustained.

OUR BANKING VISITORS

IT IS NOT SURPRISING THAT SIR JOHN
Aird and other distinguished officers of the Canadian Bank of Commerce should reach Victoria in an optimistic frame of mind. During the last three years the annual reports of all Canada's leading banking institutions have reflected a condition of affairs throughout the Dominion which has encouraged the Canadian people themselves and aroused much interest in Canada elsewhere.

As a rule our bankers do not overdo their optimism. The business in which they are engaged obliges them to deal in facts and conditions as they are and not as they might wish them to be. Consequently Victoria will find no little ground for satisfaction in the cheerful reports which Sir John Aird and his associates have brought to the Pacific Coast. Nowhere in their published interviews is there anything even approaching pessimism.

Sir John Aird spoke in Vancouver yesterday of the record crop of wheat Alberta is about to harvest and predicted much more grain business for Pacific Coast ports as a consequence. In this regard we shall hope that the recent reduction of the rate for the westward movement of grain will have considerable influence. Sir Joseph Flavelle, who is another member of the party, reminds us that the Canadian people own more than eighty per cent. of this country's securities. This assures for Canada a sound industrial future.

We may be permitted to tell our banking visitors that we are not afraid of their inquiries about Victoria, our present commercial position, or our prospects. They will find us in a progressive mood, reducing our taxes, paying our way, preparing for eventualities, and generally getting on with our work in the way that bankers require when they are called upon for money.

THE ROYAL SOCIETY OF CANADA

NO MORE SIGNIFICANT EVENT IN
the scientific and intellectual development of Canada has taken place since Confederation than the creation of the Royal Society in 1861 at the suggestion of the then Governor-General, the Marquis of Lorne, afterwards the Duke of Argyll. Lord Lorne realized, as perhaps most Canadians were unable to at that time, the value that such an organization would be to the country in stimulating public interest in science and literature and particularly in the application of scientific methods to the development of the country's tremendous natural resources; in serving as a meeting place for the scientists and writers of Canada; and in helping to break down the walls of prejudice between English and French Canada.

The Society was modeled partly on the Royal Society of London, a purely scientific body, and partly on the French Academy, the intellectual centre of France. It was divided into four sections: French literature, history, political science, etc.; English literature, history, political science, etc.; mathematical, chemical and physical sciences; and geological sciences. Since then a fifth section has been established devoted to biological sciences. Like the famous societies on which it was modeled the Royal Society has a limited membership, ranging between forty and

fifty in each section. As vacancies occur Canadians who have earned distinction in any branch of science or literature are elected to fill them.

To mention only a few of the men who have won this coveted distinction since 1861 will make it clear how closely the Royal Society has been associated with the scientific and intellectual life of the Dominion. The first president was Sir William Dawson, the famous geologist and head of McGill University and it is interesting to note that his almost equally famous son, Dr. George M. Dawson, filled the same office about ten years later. Dr. Dawson was for many years director of the Geological Survey of Canada. Among later presidents of the Society have been Sir Daniel Wilson, Sir Sandford Fleming, Archbishop O'Brien, Sir John Bourinot, Louis Frechette, the famous French-Canadian poet, Sir James LeMoine, Benjamin Sulte, the historian, Dr. W. F. King, Astronomer Royal of Canada, Sir Adolphe Routhier, afterwards Chief Justice of Quebec, Professor Coleman, the eminent geologist, and J. C. McLennan, whose researches in connection with Helium have won him world recognition.

The transactions of the Society, which now fill over fifty volumes, contain valuable papers on every branch of science and literature in Canada, and these alone, as they are found in all the great libraries of the civilized world, are of immense importance to the country because they are tangible proof that Canada ranks high not merely in her area and natural resources, but also in the intellectual calibre of the men she has produced. Besides this, the Royal Society has taken a leading part in bringing about the establishment of such important Canadian institutions as the Public Archives of Canada, the National Museum, the Research Council, the National Gallery, the Ethnological Survey, the Board of Geographic Names and the Biological Board, and has also been instrumental in carrying through such events as the Quebec Tercentenary and the Cabot Celebration. Altogether it would be hard to overestimate the real value to the Dominion of such an organization as the Royal Society.

OUR HOSPITALS

THE INTENTION OF THE BRITISH CO-
lumbia Hospitals Association—now in annual session here—to oppose any reduction in the municipal contribution towards the cost of treating indigent patients emphasizes the difficulties with which our curative establishments continually are faced. A hospital board announcing that it had made a profit in any year would be unique indeed. As a rule it is a tale of loss.

Whatever may be the merits of the objection which the Association raised at its session yesterday, the fact is clear that we do not think seriously enough about hospital finance. In this supposedly enlightened age hospitals are obliged to hold tag days in order to provide some of the funds required for their upkeep or to finance some special undertaking. This obviously causes an unequal distribution of the liability and is poor business at best. What sort of a figure would the Department of Education cut if it sent taggers out over the Province when a new school was required?

This prompts the question: If all must contribute to the cost of education, why should not all contribute towards public health? Education is vital to the interests of our people; but education is of precious little value if study is disturbed too long by poor health. Our people are healthier than most; but hospital finance still relies much more than it ought to on private donations and tag day collections.

If the health of a people is the first consideration and worth preserving—and it is—there should be a hospital tax that would adequately meet the cost of ministering to the sick, just as there is a tax to meet the cost of education. Why treat a nation's prime concern as if it were something in the nature of an incidental? Some day, perhaps, the state will realize that the human asset is its most valuable one and treat it accordingly.

WHAT OTHER PAPERS SAY

A GREAT ISSUE
From The Toronto Star

The improvement of the St. Lawrence for the purposes of power and navigation promises to become a very great economic and political issue. It may come to a head at a comparatively early date and lead to a realignment of the forces influencing the public life of the country. The friends in Ontario of the present administration at Ottawa, particularly those who are devoted to the principle of public ownership, are looking to it to adhere to broad considerations of national welfare rather than sectional and selfish viewpoints.

DO YOU KNOW—

That the canary (named after the Canary Islands) was first introduced into England in the latter part of the 15th or early in the 16th century. In the wild state the plumage is dull greenish in color, streaked with darker shades.

JOBS FROM GEOGRAPHY

LAKE SUPERIOR, one of the chain of Great Lakes lying between Canada and the United States, is the largest sheet of fresh water in the world. Its length is about 370 miles and it has an area of some 32,000 miles. It is an important link in the St. Lawrence River system that gives access to the sea.

Life's Niceties Hints On Etiquette

1. Are forks placed to the right of the left of the plate?
2. At which side of the plate should knives be placed?
3. Are spoons placed with the knives or with the forks?

The Answers

1. Left.
2. Right.
3. With the knives.

Canadian Questions and Answers

WATER POWER PROGRESS

Q.—What was the water power progress in 1926?
A.—266,000 horse-power of water power was developed in 1926, representing an additional capital investment of \$25,000,000, making a banner year in hydro-electric enterprise while other projects under way will add another 1,700,000 horse-power to the total development, bringing it up to 8,000,000.

CONFEDERATION AND AFTER

Sixty Years of Progress

No. 93

CARNARVON AND CONFEDERATION
Henry Howard Molynaux Herbert, fourth Earl of Carnarvon (1831-1890), was a man of broad education and a convincing speaker and writer. In 1854, at the age of twenty-three, in his maiden speech in the House of Lords, he made a deep impression. He had an imperial outlook at a time when "Little Englanders" were very much in evidence, and devoted much of his time to the subject of colonial expansion; indeed, the colonies and colonial government were his main political interests and his great aim as a statesman was to unite the colonies and the Motherland in permanent bonds.
From February, 1858, to June, 1859, he was Under-Secretary of State for the Colonies in the first Derby administration and in 1860 joined Lord Derby's second administration as Secretary of State for the Colonies. It was fortunate that a statesman of sympathy and colonial insight was in charge of colonial affairs when Confederation came up for discussion in England. He presided over the Westminster Conference, when the British North America Bill went through its final stages, and his political insight and experience were invaluable to the framers of the Bill. He likewise brought forward, in the House of Lords, in 1860, the Confederation of British North America. His speech on this occasion was one of remarkable power, showing thorough

Kirk's Wellington 139

208 Belmont Bldg.

familiarity with the subject, and was most optimistic regarding the greater Canada about to come into being. But he was not to have the privilege of passing the Bill. Before the measure became law he resigned from the Government over Disraeli's Reform Bill. The Duke of Buckingham was Secretary of State for the Colonies when Confederation was actually inaugurated.

This, however, did not end Carnarvon's connection with Canadian affairs. By the British North America Act the Dominion was empowered to admit the other colonies and provinces of British North America to Confederation. British Columbia came knocking at the door and a welcoming hand was extended to her. But in meeting the Dominion did not give due consideration to the obstacles to be overcome. It was agreed that within two years from the date of union commencing the date of union, Delays in connecting Eastern Canada with the Pacific coast and that such railway should be completed within ten years from the date of union. Delays in commencing the work and change of plan after the defeat of the Macdonald Government in 1873 irritated British Columbia, and there was a vigorous outcry against the Federal Government for breach of faith. At length a representative was sent to England to present the case to the home authorities.

Carnarvon was once more Secretary of State for the Colonies. His interest in Canadian affairs revived and he was to be allowed to arbitrate the question. He brought forward the famous "Carnarvon Terms." These terms came up for discussion in the Canadian House of Commons and were passed by a substantial majority. However, they were rejected by the Senate. But the situation was smoothed out amicably by the Earl of Lord Dufferin, British Columbia in the end got even better terms. Carnarvon had stipulated that the railway be finished by December 31, 1890, whereas the Canadian Pacific Railway was actually completed in 1885.

Carnarvon was a true friend of the Dominion when it came into being and he remained such to the end of his life and merited the words Sir John A. Macdonald wrote to him: "We are glad to know that we have in you a friend."

ELEVATOR PLANS TO BE REVIEWED

Inspection on City's Behalf Will Commence Without Delay

Specifications Give Indication of Plant's Operation
The work of inspecting the plans and specifications of the Ogden Point elevator project will begin on behalf of the city over the week-end, when C. D. Howe, of C. D. Howe & Company, elevator engineers, will be in the city in connection with a start by his firm in the initial review of the plans. The firm will also supervise construction in the city's interest.

The plans and specifications were brought to the city yesterday by E. F. Carter, of the firm of John S. Metcalf & Company Limited, and delivered to Mayor J. C. Pendray. No time will be lost by the city in getting to work on the review, so that no undue delay will be interposed to the desire of the Panama Pacific Grain Terminals Limited to make an early start at the site.

The specifications state the elevator is to be of modern, fireproof construction with a capacity of 1,000,000 bushels, and the facility of adding an additional 500,000 bushel storage capacity when required. The plant is laid out to give fast loading, with five spots in all, and one dock spot.
On the whole, the review of the plans will be received into the elevator from cars on three tracks in the track-shed, for cleaning, drying and storing in preparation for shipment by water. A 500 bushel per hour dryer will be installed in a separate building and a standard dust collecting system will be operated throughout.

The storage house of the elevator will have a capacity of 850,000 bushels with the warehouse having a capacity of 150,000 bushels or a total of 1,000,000 bushels in all. The load of tramp steamers will be accomplished from two 3,700-bushel shipping bins, and four 3,000-bushel bins built in the upper part of the storage house. Provision is made in the plans for the installation of a sacking shed.

The plant will be electrically operated and of reinforced concrete construction. There will be twenty-two storage bins, eleven of which will front on the water side of the dock. Provision is made for the future erection of twelve other bins, to provide 500,000 bushel capacity extra.

"Do you know," remarked young Simpson, "a fellow mistook me for a waiter to-night? Of course he apologized."

"Did the waiter accept it?" said his friend.

HOSPITALS AND THEIR PROBLEMS ARE DISCUSSED

Convention of Institution Executives Uncovers Rich Field of Discussion

Delegates Charmed With Visit to William Head by Tugboat

Following an afternoon business session in which a number of points of interest to hospital executives were taken up, the delegates to the B.C. Hospitals Convention here yesterday were taken on board the quarantine tender Madge, and made a tour of the William Head plant of the Canadian Immigration authorities.

The delegates were received at the station by Dr. C. P. Brown, and shown the methods used in the fumigation of ships, the sterilization of clothes, and the incidental equipment necessary for the housing, feeding and nursing of ship's passengers when ordered ashore on account of infection aboard a vessel.

At the business session in the afternoon the delegates tabled action on a suggestion that transportation expenses of convention delegates be pooled, making it easier for those living in the remote parts of the Province to attend the central gatherings. The point is to receive further consideration Saturday.

Uniformity of reports to the Government by all hospitals was another subject broached, and discussed from various angles. The adoption of a uniform system would facilitate the work of making returns, it was stated, and also aid comparison now said to be impossible as various institutions adopt different forms of report. Government aid in devising a uniform plan was suggested.

The question of municipal representation on the board of directors of assisted institutions was discussed from the angle of the apparently unworkable proposals at times preferred by municipalities.

R. Burns, Vancouver, gave credit to J. M. Bruns, M.P. for assistance in connection with hospital affairs before legislative committees.

E. S. Withers, the secretary, read reports on the operation of the seventy per diem provisions of the act, and its operation in practice. These reports were sent to committee for tabulation and report.

The operation of the Workmen's Compensation Act, as it affects hospitals was also considered, chiefly from the angle of determining patient-days. Delegates discussed the problem of arriving at the proper address of a patient claiming municipal aid, and the trouble that arose from inadequate means of ascertaining the truth of assertions in regard to what municipality should rightfully sponsor the account. Further discussion was promised on most of the questions raised.

Are YOU bothered by Blackheads?

Listen to this: Mix one teaspoonful of RADOX BATH SALTS in a glass of hot water. Dab this solution on your face where affected. Do this several moments. Then wash your face dry. Magic—the blackheads have vanished! Finish with a light application of cold cream. RADOX is very refreshing and absolutely painless. Ask your druggist for a little package of RADOX, 60c., and use it to-night. Have a clear, lovely skin! (Adv.)

EX-SOLDIERS' LANDS BEING REVALUED

Calgary, Sept. 9.—Officials of the Land Settlement Board commenced today to revalue the lands held by settlers under the plan of soldier settlement. This work is being undertaken by H. E. White, chief appraiser; D. F. Stronach, R. R. Armstrong and R. Smith, all of whom were in conference with W. S. Woods, superintendent of the Land Settlement Board, on his return here from Ottawa yesterday.

Mr. Woods declared he had had no notification of the plan for the settlement of British families under conditions similar to the 3,000 family plan would be continued. While in Ottawa he had attended a conference for the purpose of discussing revaluation and Hon. Robert Forke, Minister of Immigration and Colonization, who had returned from Great Britain, had not discussed the continuation of a settlement plan with the superintendents attending the conference.

The only plans of which Mr. Woods had any knowledge were, first, for the settlement of 500 British families in the Maritime Provinces, and secondly, for the settlement of a number of British boys on Canadian farms. The settlement of the 500 families in the Maritimes would be conducted much after the manner in which the 3,000 British families had been settled. The boys would be brought to Canada, given employment, with established farmers for a time and then, with the assistance of loans advanced by the British Government would be placed on land for themselves.

When two egotists meet, it is a case of one for an I.

Stewart's Salvage

Men!

Men are particularly well cared for during this sale. We have a wonderful lot of men's \$10 "Tulbot" shoes in good sizes that go on sale for the first time to-morrow at \$3.95. Another lot of slightly soiled shoes of \$10 quality at \$2.95; a lot of Dr. Rogers' plain toe cushion, solid hid boots, all sizes, at \$2.99. Just think of it, a big lot of men's "Kik-a-wah" work boots at \$2.99. Men's Canvas Boots, \$1.98. Men's Fine Tan Calf Boots, good sewn soles and rubber heels at \$3.99 and so on. Every man can do better here—

BOYS!

A big special in strong heavy basketball boots, all sizes, value \$1.85, for just \$1.00 per pair. Then in strong boots there's nothing as good as Leckies' famous "Columbia" waterproof chrome boots, all sizes up to 12½ for just \$2.99

GIRLS!

Here's some lovely shoes with one bar at \$1.49, sizes 8-10½, and at \$1.99, sizes 11-2; made by the Globe Shoe Company. Girls' strong brown elk shoes at \$1.85 and \$1.88. A clean up lot of infants' at 77c. Dozens of similar lines at remarkable prices.

LADIES!

One thousand and one varieties to choose from. Some as low as \$1.99; patent leather and blonde calf shoes at \$2.99. Scotch grain brogues for young ladies' school wear at \$3.49, all sizes. See the variety by coming down early.

NEWS IN BRIEF

The Victoria Girl Guides will inspect the H.M.S. Colombo at Esquimalt to-morrow afternoon at 2:30 o'clock. As many girls as possible are asked to be at the Esquimalt dockyards.

Two more lots were disposed of at the continuation of the Oak Bay land sale this morning. This makes a total of twenty lots sold. The remaining thirty-three put up for sale revert to the municipality.

Discontinuing and closing of an access road to the west shore of Shawnigan Lake is announced by the Provincial Department of Public Works. The road is from the easterly boundary of the highway to high-water mark on the west shore of the lake, a distance of 202 feet.

Of interest to those connected with the automobile trade is the announcement that on September 14 at 8 p.m., in the Chamber of Commerce auditorium, George Brooch, of the Automobile Association, will give a talk on "The Greater Market Development Plan."

The active members of the Arion Club will resume their regular rehearsals on Monday evening next in preparation for their thirty-eighth year of musical activity in this city. All members are asked to attend, as important business matters are to be discussed.

Search delegates to the Convention of the Union of B.C. Municipalities will be held at Nanaimo on October 17 and 18, will be Rev. W. C. Crounch, Councillor D. Milne and Clerk R. F. Sewell. Search delegates will support reduction of the legal penalty on overdue taxes from 15 per cent. to 12 per cent., to be placed before the convention by North Vancouver.

The charge of driving to the common danger, brought against Lieutenant-Commander G. A. Worth, was dismissed when Magistrate Jay heard the evidence in the case in City Police Court this morning. The charge should have been, said His Honor, that the defendant had driven past a standing street car, or one which had allowed passengers to alight.

Word has been received from Ottawa to the effect that the Civil Service Commission have appointed E. Hill as principal clerk in the office of the Indian Commissioner in this city. The examinations for this position were held by Rev. Dr. J. G. Campbell, representing the Civil Service Commission, on June 7, at which thirty-one applicants wrote. Mr. Hill is a returned soldier.

The necessity of sewerage disposal arrangements at Bredford Bay was urged upon the Esanich Council yesterday afternoon by Mrs. M. Gedrim, who stated that sewage is contaminating the wells of the district. Mrs. Gedrim believed property owners willing to co-operate in organizing a community water system and sewerage disposal arrangements. Councillor Hagan will interview property owners concerned to obtain exact data as to the charges they are prepared to meet.

Construction of a balancing water reservoir on Mt. Toimie was urged by Edwin Tomlin in a letter before the Esanich Council yesterday afternoon. He declared that pressure in Mt. Toimie district is now inadequate for domestic needs. Reeve Crounch believed such a reservoir would cost \$500,000, and no by-law for such a sum would be supported. He believed some method of increasing domestic pressure at less cost can be devised. The letter was tabled pending inquiries.

TEN FISH OIL TANKS NOW ERECTED AT OGDEN POINT

Work of completing erecting of the three remaining tanks which will give the Canadian National fish oil containers at Ogden Point a total capacity of 200,000 altons was in progress to-day by the Vulcan Iron Works, who secured the contract for the tanks. Six 10,000-gallon tanks have been in use now for several weeks, and the tanks now being completed have a combined capacity of 140,000 gallons. These include one 20,000-gallon container and three 40,000-gallon tanks. The C.N.R. is now in a position to handle all fish oil brought here from the West Coast with ease.

TILDEN AND HUNTER DEFEAT FRENCH PAIR IN DAVIS CUP MATCH

Germantown Cricket Club, Philadelphia, Pa., Sept. 8.—United States took a 3-1 lead over France in the battle for the Davis Cup to-day when "Big Bill" Tilden, again dynamic, paired with Francis T. Hunter, defeated Jean Borotra and Jean Boretra in five thrilling sets, 6-3, 6-3, 6-3, 4-6, 6-0.

DEPARTMENT OFFERS PULP TIMBER AREAS

Tenders for pulp licenses to cut spruce, hemlock and cedar on Copper River, Moresby Island and in Queen Charlotte Islands districts are being invited by the B.C. Lands Department with the application directed to apply to the Chief Forester in Victoria or the District Forester at Prince Rupert. Over 50,000,000 F.B.M. is embraced in the two licenses, one covering 30, 375,000 feet and the other 49,400,000 feet.

Our Fall Millinery Opening Displays Continue To-morrow

Introducing the Smartest and Most Authentic Styles for Autumn and Winter

The Fine Hats illustrated above aptly illustrate the new mode—small close fitting shapes in the aviation or skull caps type. Mostly without brims, when brims are shown they are small and often turned right up close to the head with the aid of tucks and subtle folds. Black hats predominate, the most popular colors being French grey, Napoleon blue, forest green, tawny birch, flaming maple, lacquer red, chestnut brown and navy. The materials are felt, velvet, satin and Soleil, used alone or in combinations. Among the special opening offerings for Saturday are—

Matrons' Hats in medium and large head sizes; fashioned from beautiful quality Lyon's velvet in all black, black with silver, gold or color, also in the new Autumn shades of brown at \$7.95

Refreshing

Refreshing as a dip in sparkling lake or bracing sea, a pipeful of Old Chum is a sure route to smoking satisfaction. This most popular of tobaccos has back of it a forty-year record for mellowness—richness—and constant, even flavour. Everywhere it is daily gaining new and enthusiastic friends.

Smoke this cool and fragrant tobacco—made from the finest Virginia leaf. Find out how really satisfying and soothing a tobacco can be.

Remember to save the "Poker Hands," packed in Old Chum. They entitle you to valuable presents.

The large 25c. package contains two "Poker Hands"

OLD CHUM

Salt Spring

Ganges, Sept. 9.—The trustees of the Divide School held another of their most enjoyable old fashioned dances in the Divide School House on Monday evening. About fifty were present and danced until the early hours.

Mrs. Ozonham returned from her two months' trip to England on Sunday, and is busy making preparations for the opening of Furness House School for the Fall term.

Mr. and Mrs. William Page are

spending the week in Victoria.

Mr. and Mrs. L. McDonnell of Vancouver, returned home after spending a couple of weeks with Mrs. R. Maxwell.

Miss Maude Scott of the nursing staff of the hospital at Duncan, is visiting her parents, Mr. and Mrs. William Scott.

Mr. Arthur Eaton has secured the contract for the new home being built for Mr. Tasseil of Vernon, who recently purchased land near Mr. Hamilton's at Fulford.

Among the teachers for the schools on Salt Spring are Mr. A. P. Robertson,

High School at Ganges; Miss Ruth Holt, Intermediate; Miss Florence Eggle, primary, Ganges; Miss M. Vye at the Divide School; Miss Gilley Lond at the Cranberry School; Miss Iris Kerr at North View School; Miss Helen Hareus at Central School; Miss Elmer Gropp at Isabella Point School; Mr. Bradley at Burgoyne Boys' School.

Master Jack Ringwood returned to St. Ann's School for Boys at Duncan on Thursday, via Victoria, and will visit his grandmother, Mrs. C. M. Castle.

Mrs. T. M. McMurdo returned on Tuesday from a two weeks' visit in Victoria with Mrs. J. Cartwright.

ESQUIMALT HONORS DEAD AT SERVICE

War Memorial is Unveiled by Lieut.-Governor; Colombo Bluejackets Attend

At a service attended by a guard of honor from R.M.A. Colombo, representative of practically all ex-service, military and national organizations of Victoria besides many Esquimalt residents, His Honor, R. B. Bruce, Lieutenant-Governor of British Columbia yesterday unveiled the Esquimalt War Memorial in Memorial Park, Esquimalt. Rain, which threatened during the afternoon, cleared during the service, which was conducted by the Rev. Canon Stocken.

Immediately upon his arrival, the Lieutenant-Governor inspected the guard of honor. This was followed by the singing of "O Canada."

Rev. W. J. Kelly gave a scripture reading, quoting the Twenty-third Psalm, following which the gathering sang the hymn "O God Our Help in Ages Past" led by the band from the R.M.A. Colombo.

UNVEILING MEMORIAL

As he unveiled the memorial His Honor said:

In memory of the men of Esquimalt who paid the supreme sacrifice and with gratitude and deep remembrance we to-day unveil this monument. Rev. Canon Stocken then quoted the lines "Greater love hath no man than that he lay down his life for a friend," after which the hymn "Unto the Hills" was sung.

As a tribute to the glorious dead, the gathering stood with bowed heads in silence for a minute before the Lieutenant-Governor laid a wreath of laurel at the foot of the memorial tablet.

A navy bugler sounded the Last Post as all stood at attention and Rev. F. O. Chapman, C.E., offered a prayer of remembrance, followed by Canon Stocken's benediction.

WREATHS PLACED

A large number of wreaths were placed round the foot of the memorial at the close of the service, representatives of the following organizations paying token to the Empire's dead: United Service Lodges, T. B. Veterans, Esquimalt Women's Institute, British Legion, Municipal Chapter I.O.D.E., Esquimalt Scottish Daughters, Esquimalt Chapter, I.O.D.E., Catholic Women's League, Esquimalt Memorial Committee, Army and Navy Veterans, Pro Patria Branch of the Canadian Legion, Veterans of France, Naval Veterans, and the Women's Auxiliary of the Pro Patria Branch of the Canadian Legion.

Standard bearers of the chapters of the I.O.D.E. stood on either side of the memorial as the service was conducted, lowering their flags as the bugle played the Last Post and Bore James. Irish stood on the platform at the base of the memorial with His Honor, Miss Mackenzie, Canon Stocken, Rev. W. J. Kelly, Rev. F. O. Chapman and navy and military officers.

TABLET INSCRIPTION

The inscription on the memorial tablet is as follows:

"To the memory of those residents of Esquimalt who laid down their lives in the service of the Empire during the Great War, 1914-1918. The torch be yours to hold it high."

SHAWNIGAN LIBRARY RECEIVES NEW BOOKS

More Magazines Will be Added to Long List

Shawnigan Lake, Sept. 8.—The directors of the Shawnigan Public Library held their monthly meeting in the library on Wednesday afternoon. Those present were Mrs. Mason Hurley, Mrs. A. E. Whelton, G. E. Keadle, A. Whelton and S. J. Heald. The secretary reported that the annual grant from the Government had been received. This grant of money is based on the actual amount of money the library spends on book service. Mrs. Mason Hurley reported selecting the books supplied by the Victoria Public Library, which were received last week and comprise some of the latest fiction and non-fiction; also reported on magazines, which are a feature of the Shawnigan Library. It was decided to add The Argosy, All Story Magazine to the already long list of magazines carried. Mrs. Hurley also reported sending out a number of circulars in the district pointing out the advantages of the library.

Mrs. Whelton, librarian, reported that during the month of July and August the library had been open daily with the view of encouraging subscribers from the summer visitors. This innovation had been appreciated. During the two months 865 persons had visited the library, and nearly 1,000 books tested, together with a large number of magazines, and not a single book lost or damaged. The treasurer reported several new local subscribers and a fairly prompt payment of dues. The books loaned by the Provincial Library, numbering 150, will be exchanged this month.

A special effort will be made this Fall to get more local people to join the library.

The employees of the Shawnigan Lake Lumber Company will hold their first annual picnic and dance on Saturday, September 10. The picnic and sports will be held on the Strathcona sports ground Saturday afternoon. All are welcome. The dance will be held in the S.L.L.A. Hall at 9 o'clock in the evening with the novelty five-orchestra playing the music. The employees invite the public to attend free.

DUNCAN TO NAME NEW SCHOOL TRUSTEE

Duncan, Sept. 8.—A meeting of the Duncan City Council was held on Tuesday evening. Mayor J. E. Lay presiding. The resignation of W. L. B. Young, school trustee, who has left the district, was accepted. Nominations to fill this vacancy will be accepted at the City Hall not later than 12 noon on Monday next, and in the event of a poll being necessary such poll shall take place in the City Hall on Thursday, September 14. The mayor and the city clerk were appointed as delegates to attend the municipal convention to be held in Nanaimo in October. The report of the finance committee was received and all bills ordered paid.

Princes Spend Big Sum To Challenge U.S. Polo Supremacy

Indian Leaders Invest \$200,000 on British Team; Work For Three Years

America's Big Four Will Endeavor to Turn Back Serious Threat of Invaders

New York, Sept. 9.—Four horsemen of American polo will ride out on the historic Meadowbrook turf to-morrow to defend the international cup against the strongest British challenge since 1913. That was the year of England's last triumph in this classic of sport and the army-in-India team mustered this year is considered to have a strong chance of repeating the victory.

The American big four, the same quartette that repulsed the British team in 1924 and including three veterans of the 1921 victory that brought the cup back to this country, will be favorites, chiefly for the reason that they are the champions. On form, there has been little to choose between rival teams in practice, in which American individual brilliancy has been compared with superior British teamwork.

In preparation for the series, which is decided by the best two out of three matches, both teams have been hampered by rainy weather, which caused postponement of the opening match from Labor Day to to-morrow. Lack of sufficient practice contributed to uncertainty over the American lineup but after a brief session yesterday, the Big Four, Watson Webb, Tommy Hitchcock, Malcolm Stevenson and Devereux Milburn.

RELAY ON HITCHCOCK
American hopes are built chiefly around the dazzling figure of twenty-seven-year-old Tommy Hitchcock, brilliant No. 2, and the defensive as well as generalship genius of forty-six-year-old Devereux Milburn. The latter, seventh international cup series. Hitchcock's health has been a matter of concern but Tommy's performances in practice lately have dispelled any alarm over his form.

Regarded as the most spectacular player in the game, he is counted upon to be the chief scoring threat of the seven-year-old Watson Webb and Stevenson, both around forty years of age, regained their old places on the team from Quest and Coward after a year's absence that showed their superior ability to work with the two aces, Hitchcock and Milburn.

SPENT A FORTUNE
The challenging team, selected from army men of the experience, and association, represents the culmination of several years of determined effort, supported financially by wealthy Indian princes and the polo on Indian fields. They have figured in numerous championship triumphs. The fourth, Captain C. T. Roark, has starred principally in the past few years.

Rated at nine goals, Captain Roark, an Irishman, is perhaps the most brilliant member of the polo on Indian fields. He will be opposed by Hitchcock in the championship series.

SAILORS OF COLOMBO HONORED AT GALA

Splendid Programme of Water Events Run Off at Crystal Garden Last Evening

In honor of the sailors of H.M.S. Colombo, now visiting at Esquimalt, the Victoria Amateur Swimming Club held a most successful gala last evening at the Crystal Gardens. An excellent programme of swimming events, plate diving and fancy diving was run off.

A polo game between teams from H.M.S. Colombo and the V.A.S.C. completed the evening's events. The V.A.S.C. emerged from this game victorious by 5-3.

The various swimming races were won by G. Trafford, B. Boughen and W. Cameron. The plunge for distance was taken by F. Gilbert, while W. Thompson won the plate diving contest. Art Stott, B.C. diving champion, won the diving honors.

Full results of the various events were as follows:
Fifty yards, young's team—1, G. Trafford; (2), J. T. Trapp; 3, F. Barnes.
Fifty yards, free style—1, B. Boughen; (2), A. Pilkington; 3, G. Ruffies.
Plate diving—1, W. Thompson; 2, H. Foster; 3, A. Pilkington.
Fancy diving—1, Art Stott; 2, J. Roar; 3, M. Clark.
Fifty yards handicap—1, Cameron; 2, Robertson; 3, Bailey.
Plunge for distance—1, F. Gilbert; 2, L. Greenwood; 3, J. Bailey.
Trot race—H.M.S. Colombo 0, V.A.S.C. 3.

WALLACE A WINNER
Philadelphia, Sept. 9.—Billy Wallace, Cleveland, stopped Al Gordon, Philadelphia, in the third round of their ten-round bout last night with a series of punches to the head and body.

The first two rounds were slow and about even. Wallace opened the third against the ropes, and his opponent, against the ropes, and doubled him up with a stiff right to the jaw. When Gordon managed to get loose the Cleveland boxer pounded him so hard that the referee stopped the contest.

Frank Dolp Beats Sensational Young Don Moe in South

Del Monte, Cal., Sept. 9.—Don Moe of Portland, sensation of the opening play in California amateur golf championship here, went down to defeat yesterday before Frank Dolp, another Portlander, in the quarter finals of the championship.

Dolp won three and one over the youngster who upset the "dope" by defeating George Von Elm of Los Angeles in the first round of championship play on Wednesday, and continued his winning streak by eliminating Francis Brown, Honolulu star, four and three, yesterday morning.

In the third round of match play, J. J. McHugh of San Francisco defeated H. Chandler Egan of Medford, Ore., two and one.

Chuck Hunter of Tacoma defeated Jack Neville, Los Angeles, one up at the nineteenth hole. Heinie Schmidt of Oakland defeated Rudie Wilhelm, Portland, one up.

Leicester City, In Lead, Meet Derby In Important Fixture
Leaders' Record Less Impressive But They Have Very Aggressive Eleven

Huddersfield in Bad Way, Lose Third Straight Game; Villa Feeling Good

London, Sept. 9 (Canadian Press Cable).—A number of interesting encounters are scheduled for decision in the First Division of the English soccer league on Saturday, and not the least notable of these has its venue at Derby, where the locals are down for a tilt with the league leading Leicester City. While Leicester's record looks more impressive in the totals than it does when scrutinized in detail, it nevertheless indicates that the Midlands have a strong and an aggressive eleven.

Newcastle United will appear at Old Trafford, Manchester, United as their hosts. Both of the teams stand bracketed in the league table, but Manchester United's net has not yet been tested. Leicester's game will be an interesting one and may furnish a straw to show which way the wind is blowing as far as league form is concerned.

UNUSUAL FOR HUDDERSFIELD
Huddersfield Town, last season's runners-up, have sustained three straight defeats, a unique situation for the Yorkshiremen. The day after to-morrow they will be present at White Hart Lane to take on Tottenham.

Aston Villa, whose big victory over Portsmouth at the beginning of the week was a feature of interest, are at home in Villa Park to Arsenal. Other scheduled matches are:

The Wednesday at Blackburn.
Bolton at Bury.
Middlebrough at Cardiff.
Birmingham at Everton.
Bury at Sheffield.
Liverpool at Manchester City.
Portsmouth at West Ham.

HORSE RACING
Winnipeg, Sept. 9.—Yesterday's results at Winnipeg tracks were as follows:
First race—\$700, claiming, three-year-olds and up, six furlongs—Fud, \$3.85, \$3.25, \$2.85; Bachelor's Balm, \$5.90, \$4.30, \$3.85; Time, 1:18. Also ran: Ethelbert, \$5.55; Time, 1:18. Jontel, \$5.55; End Man, \$5.55; Time, 1:22.3.

Second race—\$700, claiming, three-year-olds and up, five furlongs—Rhinegold, \$15, \$8.75, \$6.50; Geon, \$11.95, \$8.50, \$6.50; Time, 1:02.2.3. Also ran: Gazinta, \$6.11; Cible, Little Hope, Circus Lady, Jack Shaw, Corralito, Miss Finlay, Big Sapp.

Third race—\$700, claiming, three-year-olds and up, one mile—Alice Loraine, \$49.45, \$27.45, \$12.20; Walley, \$42.90, \$25.45, \$12.20; Time, 1:43. Also ran: Duff Off, \$4.10; Time, 1:43. Also ran: Camforth, Willow Tree, Billy Wain, Jack Proctor, Pic.

Fourth race—\$700, claiming, three-year-olds and up, five furlongs—Conquest, \$75.50, \$45.00, \$25.00; Guinea Gold, \$40.00, \$25.00, \$12.20; Time, 1:43. Also ran: Madrug Don, \$2.70, \$3.50; Time, 1:15.3.5. Also ran: Mar Lodge, Silent Messenger, Duchess of York, Harry Mins.

Fifth race—\$1,000, Royal Alexandra Handicap, Western Canadian breeds, all ages, six furlongs—Fanny Fay, \$12.80, \$4.80, \$3.85; Madrug Don, \$2.70, \$3.50; Time, 1:15.3.5. Also ran: Mar Lodge, Silent Messenger, Duchess of York, Harry Mins.

Chief of Police And Mayor Fail To Help Weston Put Over Win

New Westminster Too Strong For Easterners in First Mann Cup Battle

Considerable Rough Play Enters Into Game; Deciding Game Set For To-morrow

Vancouver, Sept. 9.—Strengthened by the inclusion of Mayor "Toad" Farr and Chief of Police E. J. Holley on their lineup, the Westerns of West Toronto, who have cleaned up everything in the lacrosse world east of the mountains, invaded Queen's Park Stadium, New Westminster, on Thursday afternoon in the first of the Mann Cup finals, but when the dust of battle had cleared away—and it was a real battle, reminiscent of the old days—the New Westminster Salmonbellies had finished on the long end of a 3-2 count.

Bill Patchell looked after Bobby Stephenson, the visitors' leading scorer, and the Westerns' leading scorer, "Toad" Farr, who had his shoulder dislocated in Winnipeg, went on for about two minutes, scored a goal and wrenched the injured member, being carried off by stretcher. The game was then continued with the home team's defence, and the other members of the home squad played equally well.

GAME WELL HANDLED
Considering the prize at stake and the eagerness of both teams to win the honor of representing Canada at the 1928 Olympic Games at Amsterdam, the game was well handled by Charlie Parkin of Toronto and Stan Carter of Vancouver. Two goals scored by New Westminster were disallowed by the officials, but this was on account of attacking players being in the goal crease in violation of the rules. One checking was the rule, an even dozen penalties being handed out. There were numerous casualties, but nothing serious with the exception that "Toad" Farr, who had his shoulder dislocated in Winnipeg, went on for about two minutes, scored a goal and wrenched the injured member, being carried off by stretcher.

The Easterners put up much high-class lacrosse and for the first period just about held their own. The second quarter, however, proved their downed to go and two goals turned down in this period and reached the top of their old-time form. This was coupled with what Weston seemed to have a feature of interest, the tide of battle. The remainder of the game was rather a listless affair with neither team showing a great deal in the way of talent.

GOLDEN NOTICES FIRST
Play opened fast with both teams determined to get away to a lead. The homes worked in a great shape and both defenses had plenty to do to clear their goal of copious athletes. Weston seemed to have a feature of interest, the tide of battle. The remainder of the game was rather a listless affair with neither team showing a great deal in the way of talent.

MARTIN IS CHAMPION
Montreal, Sept. 9.—F. R. Martin of Hamilton is the newly crowned champion of the Canadian Seniors' Golf Association. He succeeded to the title previously held by the veteran G. S. Robertson of Toronto, in an eighteen-hole play-off, the two having ended the thirty-six-hole competition in a tie at 161.

Yesterday Martin showed the fighting characteristics which brought him the Canadian amateur championship twice, in 1902 and 1910.

MISS SCHWENGER WINS
The ladies' monthly medal of the Colwood Golf and Country Club was won in the "A" class by Miss Dorothy Schwenger, who defeated G. L. Robertson of Toronto, in an eighteen-hole play-off, the two having ended the thirty-six-hole competition in a tie at 161.

KNOCKS OUT HOLLANDER
Culver City, Cal., Sept. 9.—George Godfrey of Philadelphia, 32-year-old heavyweight, knocked out Henry Van Patten of Holland, in the second round of a scheduled ten-round bout here last night.

PRO GOLFER DROWNED
Kamloops, B.C., Sept. 9.—James Gray, professional golfer, was drowned in the Thompson River while fishing. No one saw him. A coroner's jury returned a verdict of accidental death.

WESTONS BEAR DOWN
Weston attempted to make up lost ground in the third quarter but were not quite equal to the task. The game slowed up somewhat in the last two periods and was not as interesting as in the first half.

THIRD FRAME SLOW
The last period was the slowest of all and developed into a bad dog-fight at times. Willis Patchell was cheered when he came back on the field.

GOALS
First period—1, Weston, Golden, 7:50. 2, New Westminster, Feeney, 1:23. Second period—3, New Westminster, Feeney, 1:23. 4, New Westminster, Atkinson, 3:31.

Third period—5, New Westminster, Wood, 4:47. 6, Weston, Suk, 2:30. 7, New Westminster, Vernon, 8:31. 8, Weston, White, 3:36. Fourth period—9, New Westminster, Feeney, 1:23.

PENALTIES
First period—Doyle.
Second period—Coulter, Atkinson, White.
Third period—Ella, Holly, Vernon.
Fourth period—Kingdon, Wilkie.

BRITAIN'S HOPES IN POLO SERIES

To-morrow the first game of the international polo series will be played at Westbury, Long Island, and the strong United States team, holders of the championship, will be pitted against a team known as the British Army-India. The Britishers are all splendid horsemen, with Capt. Roark as their outstanding player. The Britishers are lighter than the Americans but have more speed. The outcome of the series is in doubt. Much interest has been aroused. Those in the above picture are as follows, left to right: Captain J. F. Dening, Captain C. T. L. Roark, Major A. H. Williams, and Captain C. E. Perle.

Shower of Centuries In Cricket Match At Folkestone Grounds

Hendren of M.C.C. Compiles Two Centuries and Hearne Hits an Even Hundred

London, Sept. 9 (Canadian Press Cable).—The Kent vs. M.C.C. cricket fixture at Folkestone, which began Wednesday, has produced a shower of centuries. Hendren, the Middlesex batsman, playing against the county securing two, 119 Wednesday and 120 yesterday.

Hearne figured in a splendid stand with his teammate Hendren yesterday, collecting an even 100 runs. For Kent, Hendren and Hearne were the mainstay, making 141; not out.

Scores were: M.C.C. 348 and 275 for eight wickets, Kent 223. The English team which will visit South Africa this winter scored 305 against C. I. Thornton's eleven at Scarborough. Hammond, the Gloucester player, made 57, and Wyatt of Warwickshire, by defeating G. L. Sandham, Surrey, contributed 53, not out, to this total.

MARTIN IS CHAMPION
Montreal, Sept. 9.—F. R. Martin of Hamilton is the newly crowned champion of the Canadian Seniors' Golf Association. He succeeded to the title previously held by the veteran G. S. Robertson of Toronto, in an eighteen-hole play-off, the two having ended the thirty-six-hole competition in a tie at 161.

Yesterday Martin showed the fighting characteristics which brought him the Canadian amateur championship twice, in 1902 and 1910.

MISS SCHWENGER WINS
The ladies' monthly medal of the Colwood Golf and Country Club was won in the "A" class by Miss Dorothy Schwenger, who defeated G. L. Robertson of Toronto, in an eighteen-hole play-off, the two having ended the thirty-six-hole competition in a tie at 161.

KNOCKS OUT HOLLANDER
Culver City, Cal., Sept. 9.—George Godfrey of Philadelphia, 32-year-old heavyweight, knocked out Henry Van Patten of Holland, in the second round of a scheduled ten-round bout here last night.

PRO GOLFER DROWNED
Kamloops, B.C., Sept. 9.—James Gray, professional golfer, was drowned in the Thompson River while fishing. No one saw him. A coroner's jury returned a verdict of accidental death.

WESTONS BEAR DOWN

The last period was the slowest of all and developed into a bad dog-fight at times. Willis Patchell was cheered when he came back on the field.

GOALS
First period—1, Weston, Golden, 7:50. 2, New Westminster, Feeney, 1:23. Second period—3, New Westminster, Feeney, 1:23. 4, New Westminster, Atkinson, 3:31.

Third period—5, New Westminster, Wood, 4:47. 6, Weston, Suk, 2:30. 7, New Westminster, Vernon, 8:31. 8, Weston, White, 3:36. Fourth period—9, New Westminster, Feeney, 1:23.

Two Cricket Matches Carded For To-morrow

Two cricket matches will be played to-morrow afternoon in the Senior League. The Garrison will travel to Cowichan to meet the up-landers, and the Victoria and Five C's will settle their argument on the Beacon Hill pitch.

Next Saturday the cricket season will come to a close with all six teams engaged. Early in the season, which seems to be headed towards the In-cop's clubhouse once again, may be determined this week when the Garrison, who have an outside chance, try their luck at Cowichan.

The Five C's team for to-morrow will be as follows: C. E. Quinton, E. H. Quinlan, W. H. Pendry, Butterworth, Thomson, Atwell, Les, Wilson, Galt, Cox and Pillar. Umpire, R. H. Barker.

Field of Flashy Horses Going To Post In Main Race
All-ages Handicap at Colwood To-morrow Should Prove Fine Race

Racing fans are all keyed up for the opening day's racing at the Colwood track to-morrow afternoon. The announcement that so many good horses had been brought here from Vancouver has assured them of plenty of good material for all events, and the racing should be the best seen here this year.

The reappearance of the long yesterday dried out the track, and it should provide very good footing for the thoroughbreds. Track records may be shattered when the splendid horses are released from the barrier.

There is no doubt but that a record crowd will pass through the turnstiles at Colwood to-morrow. Many outside fans are here, and the local followers of the sport intend to be on the job.

Seven races will constitute to-morrow's programme, with the All-ages Handicap the feature. This is for two-year-olds and upwards and will attract the best horses ever seen here in a race. Racing will continue every day next week.

Hagen Leads Field

Chicago, Sept. 9.—Walter Hagen yesterday duplicated his practice round of 69 in the first round of the U.S. Open, leading the field at the end of the first round in defence of his title as western open golf champion.

Hagen was exact par on both nines of the No. 4 course of the Olympia Fields Club, which was one stroke better than the best score, shared by Walter Hagen and Eddie Murphy of Chicago.

A Armour of Washington, American and Canadian open champion, and Al Watrous of Grand Rapids, scored seventy-two each on No. 1 course, whose par is two strokes higher than that of No. 4. Hagen and others who played No. 4 yesterday will take their turn on the first links to-day.

TRAIL BEAT SPOKANE
Spokane, Sept. 9.—The All-Spokane soccer football team swept into a 2-2 tie with the Trail Hearts, only to lose the game in the final period on an accurate shot from centre forward, Jimmy McVie.

The game was marked by flashing head and brilliant combinations. Trail had two penalty shots at the Spokane goal, but the first went wide, while the second try was converted into a corner kick.

Fighters From Army And Navy Mix Things At Armories To-night

Fourteen Bouts Scheduled at Smoker to be Held by 16th Canadian Scottish

Boxers from the army and navy will mix things at the 16th Canadian Scottish, which will be held at the Bay Street Armories under the auspices of the Sixteenth Canadian Scottish. The first bout is slated to start at 8 o'clock. It is expected there will be a large attendance of blue jackets and tommies, as well as the general public.

Fourteen bouts will be seen and several line scrappers will enter the squared ring. Sgt. Sheasby of the Sixteenth Canadian Scottish, who kept his belt over the right field wall for his thirteenth circuit bout of the season.

ROOT WINS ANOTHER
Hitting four St. Louis pitchers for fifteen hits, the Chicago Cubs went back into third place in the National League race. Charlie Root kept his scattered and won his twenty-fifth victory for the season, the score being 11-7. Yesterday's victory gave the Cubs an even break in the series.

AMERICAN
At New York—R. H. E. 1 2 3
New York—Batteries—Jones and O'Neil; Hoyt and Collins.
At Philadelphia—R. H. E. 1 2 3
Philadelphia—Batteries—Stoner, Holloway and Gooden; Greave and Cochran.

AT BOSTON
Cleveland—R. H. E. 10 16 4

Batteries—Lundolph and Whitney; May and McCrea.

INTERNATIONAL LEAGUE
Reading 5, Newark 5.
Syracuse 9, Toronto 8.
Only games scheduled.

Miss Gladman in Final
Philadelphia, Pa., Sept. 9.—Margaret Gladman of Santa Monica, Cal., outstanding favorite in the girls' national tennis championships at the Philadelphia Cricket Club, reached the final round in both singles and doubles, and to-day will play Eastern rivals for the two titles.

Miss Gladman's opponent in singles will be Sarah Palfrey, one of the three Boston sisters who entered the tournament Monday. In the doubles final, she will pair with Josephine Cruikshank, also of Santa Monica, against Clara Louise Zinke of Cincinnati, and Lee Palfrey.

Miss Zinke, who was runner-up in the singles last year to Louise McCarty of California, was eliminated in the semi-final by Miss Gladman after putting up a stubborn resistance, the score being 7-5, 6-4.

KAPLAN ENDS FIGHT
New Haven, Conn., Sept. 9.—Louis "Kid" Kaplan, retired featherweight champion of the world, knocked out "Clyde" Clark of Holyoke, Mass., with a right to the jaw in the fifth round of their twelve-round bout here last night.

The bout was to have been for the lightweight championship of New England, but when the fighters weighed in yesterday Clark was found to tip the scales at 135 pounds, one pound over the lightweight limit. Kaplan weighed 134 pounds.

Paolino Gains Draw With Heene After Fifteen Hot Rounds

New York, Sept. 9.—Paolino Uscudun, Spanish heavyweight, and Tom Heene, champion of New Zealand, fought fifteen rounds to a draw last night at Madison Square Garden. Uscudun, highly the heavier, forced the fighting all the way, taking crushing blows without wincing for the privilege of smashing Heene's massive section with alternate rights and lefts and his jaw with hard-driven upper cuts. The New Zealander stood back when possible and drove straight lefts to the iron jaw of the oncoming Spaniard.

Paolino weighed 195½ pounds, while Heene's weight was 193 pounds.

Five More Wins Will Clinch Pennant For Yanks In American

Lazzeri's Sacrifice Fly Gives Yanks Nineteenth Victory. Over St. Louis

The Boston Red Sox outslugged Cleveland 10-8. The White Sox began their eastern invasion with a 4-3 victory over Washington. In the third, Reynolds hit a home run, scoring Motter, after Goetzin, in the second, had belted the ball over the right field wall for his thirteenth circuit bout of the season.

ROOT WINS ANOTHER
Hitting four St. Louis pitchers for fifteen hits, the Chicago Cubs went back into third place in the National League race. Charlie Root kept his scattered and won his twenty-fifth victory for the season, the score being 11-7. Yesterday's victory gave the Cubs an even break in the series.

Miss Gladman in Final
Philadelphia, Pa., Sept. 9.—Margaret Gladman of Santa Monica, Cal., outstanding favorite in the girls' national tennis championships at the Philadelphia Cricket Club, reached the final round in both singles and doubles, and to-day will play Eastern rivals for the two titles.

Miss Gladman's opponent in singles will be Sarah Palfrey, one of the three Boston sisters who entered the tournament Monday. In the doubles final, she will pair with Josephine Cruikshank, also of Santa Monica, against Clara Louise Zinke of Cincinnati, and Lee Palfrey.

Miss Zinke, who was runner-up in the singles last year to Louise McCarty of California, was eliminated in the semi-final by Miss Gladman after putting up a stubborn resistance, the score being 7-5, 6-4.

KAPLAN ENDS FIGHT
New Haven, Conn., Sept. 9.—Louis "Kid" Kaplan, retired featherweight champion of the world, knocked out "Clyde" Clark of Holyoke, Mass., with a right to the jaw in the fifth round of their twelve-round bout here last night.

The bout was to have been for the lightweight championship of New England, but when the fighters weighed in yesterday Clark was found to tip the scales at 135 pounds, one pound over the lightweight limit. Kaplan weighed 134 pounds.

Stribling Thinks He Got Very Tough Break
Omaha, Sept. 9.—William L. (Young) Stribling, the Georgia peach, had what he said was a "tough break" yesterday afternoon, when he was fined \$100 and costs for participation in an alleged framed fight Tuesday night with Leo Diebel, of Oklahoma City.

Diebel drew the same penalty and said he would never fight in Omaha again.

Tunney Forced To Rest Another Day On Account of Eye

Champion Taking No Chances With Wound; Broadcasting Rights Settled

Dempsey Passes Medical Tests and Then Goes Out and Batters Sparring Partners

Lake Villa, Ill., Sept. 9.—Gene Tunney decided to-day that he would give his injured right eye at least another day to heal properly. The respite marked the third day the heavyweight champion has rested since Chuck Wiggins, Indianapolis light heavyweight, opened a cut in Gene's eyelid in a sparring session Tuesday. Tunney would not say when he planned to pull on the training gloves.

Gene devoted yesterday to books and golf after rising late in the morning. A heavy thunderstorm, that swept down through the chain of lakes about the training site failed to disturb his slumber although the clubhouse shook and trees nearby were shattered by lightning.

With Eddie Egan, Gene's intellectual sparring partner, the co-driver in the classics in recent months, the titleholder lolled under the trees on the rolling lawn, until the sun drove the pair indoors.

HEAVYWEIGHT ON BOOKS
Then Egan closed the books and took Tunney to the Graveland line, fifteen miles from here, to show him a bit about golf. Eddie is a former Yale boxing captain and Oxford scholar, and crack heavyweight in several languages.

Several Chicago heavyweights, due to appear to swell the trio of sparring partners who have been taking all of Gene's shelling, failed to arrive and a searching party headed for the Windy City to have them located when they failed to appear.

Lincoln Fields, Crete, Ill., Sept. 9.—After being carefully examined by Dr. Joseph L. Russell, physician for the state athletic commission, Jack Dempsey started his final two weeks of training yesterday, working five rounds with six sparring mates.

Dr. Russell pronounced the former world heavyweight champion to be in perfect condition. Dempsey's heart, he said, was very good. His blood pressure was normal and he otherwise responded to tests perfectly. Dr. Russell examined Dempsey's body completely with Dempsey's application for a license to fight.

LOOKS GOOD
Dempsey, in the opinion of experts, looked good after his two-day lay-off. He began training with a series of perfect defense for left-hands.

He started off with a swift round against Ted

BOY KILLED IN CYCLE ACCIDENT

Two Youths Ride Headlong
Into Delivery Wagon on
Steep Curve

Stanley Durrant, thirteen, died twenty minutes after he reached St. Joseph's Hospital, and his chum, Charley Stewart, lies seriously injured as a result of collision with a delivery wagon on Old Esquimalt Road yesterday afternoon, while both were riding on the same bicycle.

Durrant's home is at 506 Admiral's Road, and Stewart lives at 511 Constance Avenue.

As the boys coasted down the steep grade on Old Esquimalt Road a delivery wagon approached, driven by Leonard Saxton, 2520 Shakespeare Street. According to information in the hands of police, Saxton drove well over to the side of the road when he saw the two boys on the bicycle, until his wheels were in a shallow ditch.

The boys were on the turn and took too wide a sweep and crashed into the wagon's left front mudguard. Durrant struck the car with some force and Stewart landed on top of him.

Chief of Police Acreman took charge of the injured and summoned Dr. J. S. MacCallum.

Durrant's chest had been badly crushed; ribs were fractured and his left lung pierced by a portion of the bicycle.

Stewart's condition, it was stated to-day, shows improvement.

INQUEST SATURDAY

An inquest will be held Saturday morning at the B.C. Funeral parlors.

Durrant was born at Elbow, Sask., and leaves two sisters, one brother, mother and father and two grandparents.

He was a member of the Navy League Band which toured England and had only recently returned to Victoria.

LIQUOR EVIDENCE IS HEARD AT INQUIRY

Customs Commission is Told
of "Mixing" of Whisky on
the Prairies

Ottawa, Sept. 8.—Fictitious labels, purporting to be pure Scotch whisky, were printed in Winnipeg and placed on bottles of liquor "mixed" on the premises of the Yorkton Distributors at Yorkton, Sask.

These labels, according to S. Bronfman, a witness before the Customs Inquiry Commission here yesterday morning, were printed by a Winnipeg firm.

A number of labels were produced in court by Hon. N. W. Rowell, K.C., commission counsel, and recognized by Mr. Bronfman. He positively disclaimed any knowledge of United States revenue stamps and United States whisky labels which were found on the premises of the Dominion Distributing Company at Regina.

AS IN SCOTLAND

While admitting the use of fictitious labels, Mr. Bronfman insisted this practice prevailed in Scotland. Labels of firms which were no longer in existence were "made up" in Scotland, if desired, he said.

Chief Commissioner Brown pointed out that liquor was at least "Scotch," having been made in Scotland. The liquor sold as Scotch in Canada, bearing the label of a fictitious firm in Scotland, was "mixed" in Canada.

"I don't drink myself, but I like to protect the poor fellow who does," the chairman said amid laughter.

MIXING DESCRIBED

When Harry Bronfman of Montreal took the stand yesterday morning, Mr. Rowell questioned him with regard to liquor compounded and marketed by the Bronfman interests at Yorkton, Sask., several years ago. Alcohol, water, Scotch whisky and other ingredients had been used in "mixing" liquor, Mr. Bronfman said. He could not recall what quantity of liquor had been mixed at a time. Yorkton had been the headquarters for the liquor activities of himself and his brother, Sam, the witness said.

One of the brands which had been "Prince of Wales," but the witness could not give details of its composition.

FOUR BROTHERS TESTIFY

Ottawa, Sept. 9.—The Customs Inquiry Commission listened yesterday to evidence given by four brothers. They were Harry, Sam, Abe and Alan Bronfman, all of whom have been connected with the liquor traffic in Canada. From one or the other of them, Hon. N. W. Rowell, K.C., commission counsel, gathered many details of the operation of liquor export houses in Saskatchewan, Alberta, New Brunswick and Nova Scotia, by the Bronfman interests.

The facts gleaned nearly all had to do with ancient history. The operation of liquor export houses in Saskatchewan, along the United States border, the "mixing" of liquor at Yorkton, Sask., and at Regina, and the sale of whisky from Eastern Atlantic ports for shipment to Havana, were activities of Bronfman interests which progressed some years ago.

These, according to the evidence, have now passed into history. Harry Bronfman told the Commission he was now concentrating his efforts on the erection of a distillery near Montreal, and there was a company called the British Investment Limited, also in Montreal, in which some of the brothers were interested. A profit and loss statement of that company was filed with the Commission yesterday.

Sam Bronfman was the member of the family who gave the Commission the major part of the information brought out yesterday about the business formerly run in the province of Saskatchewan.

**MINISTER OF
PUBLIC WORKS
VISITS CITIES**

Nelson, Sept. 9.—Hon. W. H. Sutherland, Provincial Minister of Public Works, who left Nelson Wednesday, motored to Grand Forks, paying flying visits in Trail and Rossland en route. He was obliged to forego a conference arranged with the Trail Board of Trade owing to the necessity of making time to Grand Forks. At Rossland he had a conference with the civic authorities in passing.

LEADERSHIP

ONE PRICE
TO MEASURE

WHEN any man lifts his head above the crowd, it is easy to believe he has discovered some magic formula of success. Yet leadership has always been merely recognition of a good job done.

The leadership of Tip Top Clothes in the made-to-measure tailoring field owes nothing to magic. An honest endeavor to give men better clothing for less money than is possible under any other system—this, plus faith and vision, is the only secret.

Tip Top Clothes are all made-to-measure and sold at one price direct from maker to wearer. That is the underlying principle upon which this business was founded. And by reason of vast volume of business, we are now able to buy cloth in such large quantities that the price of Tip Top Clothes is almost unbelievably low.

Fall, 1927, will be our greatest season. The confidence of the men of Canada in Tip Top Clothes was never greater. Our facilities, through greater volume of business than ever before, were never so good for passing along a saving to our patrons.

TIP TOP TAILORS

650 Yates Street

One-price stores in Halifax, St. John, Three Rivers, Montreal, Ottawa, Toronto, Hamilton, Brantford, St. Catharines, St. Thomas, Kitchener, Kingston, London, Chatham, Windsor, Sault Ste. Marie, Ft. William, Winnipeg, Brandon, Regina, Moose Jaw, Saskatoon, Calgary, Edmonton, Vancouver and Victoria.

Men living outside the city—
Write for samples and self-
measurement forms. We guar-
antee to satisfy.

The great wholesale tailoring shops where Tip Top Clothes are made—a great national institution where business is always good.

RESOLUTION OF SUPPORT FOR NEW PREMIER OF B.C.

Vancouver, Sept. 9.—A resolution of confidence in Premier J. D. MacLean was passed by the Progressive Liberal Association of Vancouver last night. Members of the association expressed the belief the new Premier would carry forward the traditional policies of the Oliver administration.

H. S. Coulter addressed the meeting on the record of the Liberal administration in the Province during the last decade. He quoted statistics showing the industrial development during the period in which the Government had been in office.

Resolutions of sympathy on the deaths of Premier John Oliver, Dr. E. J. Rothwell and R. P. McLennan were passed.

**Farewell Message
To Canada Sent
By Two Princes**

Ottawa, Sept. 9.—The Prince of Wales and Prince George yesterday sent a radio message of farewell to Canada. In a wireless communication received by Premier King by way of Father Point, Quebec, the Princes, who are en route to England aboard the liner Empress of Scotland, said:

"We both appreciate very much the good wishes of yourself and your colleagues. Our stay in Canada has been a wonderful experience from first to last, and we are leaving to-day with real regret."

(Sgd.) "EDWARD P. — GEORGE."

SCHOOL SHOES AT CLOSING-OUT PRICES

Wall Street TO-DAY

Last Minute News on Stocks and Financial Affairs

Wall Street Journal's Review of To-day's Stock Market Over R.C. Bond Corporation's Direct Wall Street Leased Wire to The Victoria Times

New York, Sept. 9.—The Wall Street Journal evening edition says: Seasonal tightening of credit conditions brought the forward movement in stocks to a halt to-day. Call money was at four per cent most of the day the first time since August 20. This stiffening, with the withdrawal of \$25,000,000, had a dampening effect on speculation. The ease of money has been the basis of higher prices, and the firmer tone of money afforded grounds for a technical reaction which was regarded as long overdue. Some nervousness was in evidence caused by the increase in brokers' loans of over \$22,000,000 from the previous week.

But confidence regarding the underlying strength of the market was maintained by the strong public demand for stocks which appeared on price recedents. Instead of discouraging outside participants the setbacks had the effect of bringing buying orders in large volume.

Firming of the money market is a normal development in early September. In the first ten days of this month middlewestern and western points usually absorb a large volume of currency in connection with crop moving and expanding business.

While major opinions favor the rally for selective investments, conservative people do not seem to share this idea.

Bank of America, for instance, believes that the desire of most railroads to meet their capital requirements out of their surplus income, which will delay more liberal dividends.

The bank believes that bond issues will be kept down, but says nothing about the probability of stock financing.

Not a few go so far as to forecast a year or two of increasing stock capitalization for the financing of physical improvements.

I-ON-A-CO—the Magnetic Health Belt—Has Brought Relief to Many in Victoria

Testimonials from people who live at a distance are never so convincing as those from people who live in your own community. That is why we are always glad to refer you to Victoria residents who have tried the I-ON-A-CO Belt and found that it has helped them tremendously. Perhaps you know some of these people.

My father-in-law suffered from neuritis for two or three years. From the very first day he used the belt he has had no recurrence of his trouble.
A. H. PEASE, Hamsterley Lakeside.

I was brought here from the East to see if the climate would cure my life. I had been sick for fourteen years and was not expected to live till Spring. Today I consider myself perfectly normal and have not had an ache or pain since I took my first treatment.
MARY J. HULL, 1710 Richmond Ave.

For the last three years I have suffered from rheumatism. I have now been taking treatments for three weeks and the benefit I have received is amazing. I am a painter by trade and I can now do a day's work without effort.
J. BARRETT, 2962 Colquhoun Ave.

For several years I have been suffering from sciatica. After three or four treatments I felt better. After twelve treatments the sciatica completely left me.
J. DOWELL, 1313 Haultain St.

TO ASK GOVERNMENT FOR ROAD TO BEACH

Metochin People Want Public Access to Popular Picnic Venue

Metochin, Sept. 9.—The regular monthly meeting of the Metochin Women's Institute was held in the Metochin Hall on Wednesday afternoon. Mrs. H. M. Bolton presiding. There was a very fair attendance of members, and much business, accumulated during the vacation of the institute, was dealt with.

The treasurer reported having sent the usual annual donation of \$12 to the Travelers' Aid Society, and was instructed by the meeting to pay the half year's salary due to the secretary; also to forward the sum of \$25, the proceeds of the strawberry sale held prior to the adjournment of the institute for vacation, to the Solarium. As the urgent need for a public road to the Metochin Beach at Metochin was brought to the attention of the institute, the members decided to draw up a petition to the Government, asking for a road to be opened to provide access to the most popular beach in the district, and to circulate the same for signatures. It was pointed out that private property has been continuously trespassed upon by visitors to this beach, and that a privately built bridge had been rendered unsafe through constant traffic.

The resignation of Mrs. T. Barclay, president-elect, was read and regretfully accepted by the meeting. Mrs. H. M. Bolton being elected to fill the vacancy until the end of the year. Mrs. A. Georgeson was elected to fill the vacancy on the executive committee.

A letter from Mrs. V. S. MacEachern, Superintendent of Institutions, was read with reference to the holding of a conference, the members deciding in favor of holding provincial and district conferences alternate years.

An appeal for funds from the Vancouver Children's Aid Society, was also discussed, but it was felt that the institute was not large enough to extend its activities beyond local and island needs.

It was announced that Mrs. Frank Campbell of Victoria, will speak at the next monthly meeting on "Legislation," and it is also hoped to have Mrs. J. D. Gordon, also of Victoria, to address the meeting in November.

It was decided to hold a concert and dance in the Metochin Hall on Friday, September 23, in aid of the general funds of the institute; music for dancing will be supplied by Gerald Schofield of Victoria. It was also arranged to organize an "Old Home Reunion" under the auspices of the institute, at which many pioneers of the district will be present, a suitable date to be arranged and announced later. The members also decided to offer special prizes to the children attending the local school for deportment and attendance.

Mrs. A. Georgeson, convener of home industries, read an excellent paper on "The Industries of British Columbia," urging the members to support home industries, and issuing copies of the new Directorate of Manufacturers of British Columbia.

Afternoon tea brought a very busy and pleasant afternoon to a close.

Metochin will be well represented at the Vancouver Island Sheep Fair, to be held under the auspices of the Flockmasters' Association, in conjunction with the Cowichan Agricultural Society's Annual Fair at Duncan on September 16 and 17.

Seventy-two sheep will be sent to Duncan, including exhibits of purebred registered Shropshires from the Whitney Griffiths Bros. ranch, purebred registered Suffolks from "Tidewilde," A. C. McKiver's ranch, and pure bred and grades from other sheep breeders in the district, including Field Bros., J. B. Edwards (Mrs. O. M. Jones's ranch), and Mrs. Thorne of Rocky Point.

Sidney

Sidney, Sept. 8.—A band concert will be given Saturday evening at 8 o'clock in Matthew's Hall by the Salvation Army Junior Band. All are extended an invitation.

Mr. and Mrs. T. G. Williams and little daughter, Dorothy, of Kamloops, are on an extended visit to Mrs. Williams' uncle and aunt, Mr. and Mrs. Armstrong, "The Maples," East Road.

Mrs. J. Peck, Fourth Street, has as her guest, Mrs. W. H. Chase of Vancouver.

Mrs. H. Seabrook of Vancouver is the guest of Mr. and Mrs. A. Critchley for a few days.

Mrs. W. Hatfield, Vancouver is the guest of Mrs. J. Peck, Fourth Street.

The regular monthly meeting of the Sidney Social Club was held Wednesday evening in Berquist Small Hall. There was a small attendance, but had a jolly evening spent in military five hundred played at four tables. The successful winners were, Mrs. Crossley, Reg. Bewick, E. Kirkness and E. Donald. Refreshments were served by the ladies of the club. A business meeting then was held. In the absence of the president, Mr. McKay, the vice-president took the chair. The secretary-treasurer, Mr. McAuley, gave a full report of the year showing the club to be in good financial standing. The report was adopted. The officers for the year were then appointed as follows: Mrs. J. T. Harrison, hon. president, B. W. McKay, president, W. Pralick, vice-president, Miss Irene Frost, secretary-treasurer, and Mrs. McAuley and S. McDonald were appointed as a working committee. It was decided that cards should be played every Wednesday evening during the winter months, and a record will be kept of all players up members commencing on the first Wednesday in October. Two special prizes given for the highest score ending the end of December and another will be kept from January to the end of March. It was also decided to hold an open military five hundred and dance on September 30 and for which a good number of prizes are offered.

Mr. and Mrs. H. W. Harrison left on Tuesday for an extended motor trip to California.

At the regular monthly meeting of the Canadian Legion held on in the clubrooms, Matthew's Hall, a good number of members was in attendance. A large amount of routine business was disposed of. It was also decided to hold a dance on Armistice Day, November 11, in the Berquist Hall. A sale of poppies and wreaths will be held during the day throughout North and South Saanich. The subject of organizing a women's auxiliary to the local branch was also mooted, and all members of the legion are asked to no-

tify the secretary as to the wishes of the lady members of their families with respect to this matter, as it was thought better to have an expression of thought from all.

One new member was admitted, thus bringing the membership to ninety-one. It was thought by many of the members present that there are a large number of ex-service men in the district who should join for the benefit of all, and they are all invited to give their names to any of the members, who will gladly propose them.

SUPERANNUATION ACT IS POPULAR

Victoria Police Department Solidly Behind Government's Plan

Commission to Move to Protect Children by Educational Methods

As a result of a request for an expression of feeling for the education of the Victoria Police Commission which met yesterday afternoon, the Victoria Police Mutual Benefit Association went on record in a communication to the commissioners as favoring the system of superannuation as contained in the Superannuation Act, Part 3. The communication urged that this be adhered to in all respects.

The entire department signed a petition to the board requesting that the policy be adopted. Mayor J. C. Pendray said that in the event of the act being adopted by the city it would cost the ratepayers exactly \$25,000 per annum. He informed the commission that there would be a meeting of the City Council on Monday evening next at 7:30 o'clock to discuss this very problem and urged that the commission attend in a body.

The invitation was accepted.

BOULTON MAY SPEAK

With the approach of the Fall and winter seasons and the times when accidents were most prevalent, Commissioner Standen asserted that it was necessary to wage a vigorous campaign against street mishaps. He suggested that by approaching the School Board entry to the schools might be obtained and the warning of officers carried to the children, who were the ones who suffered most from traffic accidents. The commissioner offered a suggestion which met with the approval of the board, which was to the effect that Inspector John Boulton be sent to speak to the students at the city schools, carrying the warning of the police to them, in an effort to protect their lives. Too often, said the commissioner, children were hurt because of their own thoughtlessness.

He pointed with concern to the increase of traffic mishaps in Victoria this year, as compared with 1926. In that last year, he said, there had been 247 persons more or less seriously hurt in accidents on city streets. This year this total had already been surpassed by about a hundred. The situation, he said, needed immediate and thorough

investigation, and steps were necessary to eradicate the menace to motor traffic and pedestrian alike.

A special meeting of the Commission thought the School Board will be arranged to take place in the near future.

SAANICH ADOPTS FOX FARM BY-LAW

Control Measure Becomes Effective October 1; Breeders Satisfied

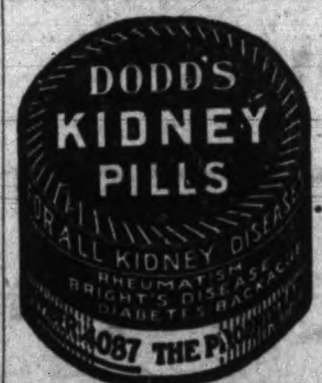

The Saanich Council yesterday afternoon finally adopted the Fox Regulation By-law, to become effective on October 1. The measure provides for licensing operators of fox-farms, without provision for annual renewals, but cancellable if complaints are proved.

Rev. M. W. J. Bruce, president of the Vancouver Island Fox Breeders' Association, stated that the by-law is now satisfactory to the fox breeders. He urged that a provision whereby the municipal health officer has access at all times should be exercised with caution during the breeding season. President Bruce declared that his association would support the council in action to terminate serious nuisance, and that breeders suffering loss in the breeding season, following creation of nuisance, would only have themselves to blame.

Reeve Crouch assured President Bruce that instructions would be given the municipal health officer to be cautious in visiting fox-farms during the breeding season. He pointed out that the clause providing for inspection at all times duplicates general authority given municipal health officers in the Provincial Health Act.

MURDER IN DETROIT

Detroit, Sept. 9.—Stabbed three times in the left side of the neck, the body of a man believed to be Patrick A. Derry of Cobalt, Ont., a mine owner, was found yesterday on a street near the downtown district of Detroit. Police found a silver nugget in one of the pockets.

MARCH KING PLAYS AT WILLOWS ARENA

John Philip Sousa to Play Here October 3

When Lieut.-Commander John Philip Sousa assumed command of the United States Marine Band in 1880 there were two Americans in the organization. When Sousa formed his own band in 1892, but eleven of fifty instrumentalists were American-born. For his thirty-fifth annual tour, Sousa has but two bandmen who are not American-born. Thus a single generation has seen music become an American profession. More than thirty of Sousa's men are American college and university graduates.

Sousa and his band will appear at the Arena for two concerts, on Monday, October 3.
